### About Century

Century Global Commodities Corporation (TSX:CNT) is building shareholder value through existing and entrepreneurial business units that meet continuing and growing demand from China, the largest market in human history.

#### Iron Ore

With Baowu and Minmetals, both Global Fortune 500 companies, as Chinese strategic partners, Century owns one of the largest iron ore mineral resource bases in the world, across five projects in Quebec and Newfoundland and Labrador. Joyce Lake, a direct shipping iron ore ("DSO") project in Newfoundland and Labrador, is our most advanced project. It has completed feasibility and permitting studies and can be brought to production within approximately 30 months. We are maintaining our properties ready for advancement after a return to sustained higher iron ore prices.

### Base and Precious Metals

Century is monitoring investment and acquisition opportunities in the base and precious metals sector. When the right opportunity presents itself, our liquid balance sheet will allow us to invest or acquire cost-effective assets during the low base and precious metal price cycle, positioning ourselves for gains when the market improves. To that end, Century Metals Inc., now listed on TSX-V under the ticker symbol CMET, was created and spun out to provide more flexibility for execution.

### Quality Food Services

Quality food products sourced from advanced countries are in great demand from the quickly-growing middle class in China. The emphasis is on the need for safe, high-quality food products. Century has established a professional marketing team and built a distribution system to serve Hong Kong.
