About Century

Century Global Commodities Corporation (TSX:CNT) has established a large portfolio of iron ore projects with extensive resources in Canada and has other metals and non-metals operations as follows.

Iron Ore

With Baowu and Minmetals, both Global Fortune 500 companies, as Chinese strategic partners, Century owns one of the largest iron ore mineral resource bases in the world, across five projects in Quebec and Newfoundland and Labrador. Joyce Lake, a direct shipping iron ore (“DSO”) project in Newfoundland and Labrador, is our most advanced project. It has completed feasibility and permitting studies and can be brought to production within approximately 30 months. We are maintaining our properties ready for advancement after a return to sustained higher iron ore prices.
