### INFORMATION CIRCULAR

(unless otherwise specified, information is as of August 15, 2016)

This Information Circular is furnished in connection with the solicitation of proxies by the management of Century Global Commodities Corporation (the “**Company**”) for use at the annual general meeting (the “**Meeting**”) of the Company (and any adjournment thereof) to be held on September 19, 2016 at the time and place and for the purposes set forth in the accompanying Notice of Meeting.

In this Information Circular, references to the “**Company**”, “**we**” and “**our**” refer to the Company. “**Shares**” mean ordinary shares in the share capital of the Company. “**Beneficial Shareholders**” means shareholders who do not hold shares in their own names and “**intermediaries**” refers to brokers, investment firms, clearing houses and similar entities that own securities on behalf of Beneficial Shareholders.

The Board of Directors of the Company (the “**Board**”) has approved the contents and the sending of this Information Circular. All dollar amounts referred to herein are expressed in Canadian dollars unless otherwise indicated.

### GENERAL PROXY INFORMATION

#### Solicitation of Proxies

The solicitation of proxies will be primarily by mail, but proxies may be solicited personally or by telephone by directors, officers and regular employees of the Company. The Company will bear all costs of this solicitation. We have arranged for intermediaries to forward the meeting materials to Beneficial Shareholders whose shares are held as of record by those intermediaries and we may reimburse the intermediaries for their reasonable fees and disbursements in that regard.

#### Appointment of Proxyholders

Sandy Chim and Ivan Wong, the individuals named in the accompanying form of proxy (the “**Proxy**”) as proxyholders, are officers and/or directors of the Company. **If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person or company other than either of the persons designated in the Proxy, who need not be a shareholder, to attend and act for you on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided in the Proxy or by completing and delivering another suitable form of proxy.**

#### Voting by Proxyholder

The persons named in the Proxy will vote or withhold from voting the shares represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your shares will be voted accordingly. The Proxy confers discretionary authority on persons named therein with respect to:

- a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors;
- b) any amendment to or variation of any matter identified therein; and
- c) any other matter that properly comes before the Meeting.

**In respect of a matter for which a choice is not specified in the Proxy, the persons named in the Proxy will vote the shares represented by the Proxy in favour of each matter identified on the Proxy and for the nominees of management for directors and auditors as identified in the Proxy, as applicable.**

### **Registered Shareholders**

If you are a registered shareholder, you are encouraged to vote by proxy whether or not you attend the Meeting in person. If you submit a proxy, you must complete, date and sign the Proxy and return it to the Company's transfer agent, Equity Financial Trust Company ("**Equity**"). Registered shareholders who elect to submit a Proxy may do so online at [www.voteproxyonline.com](http://www.voteproxyonline.com) by entering the control number printed on the form of proxy, by fax at 1-416-595-9593, or by mail to 200 University Avenue, Suite 300, Toronto, Ontario, Canada, M5H 4H1, in all cases in accordance with the instructions provided by Equity in the enclosed proxy materials and ensuring that the Proxy is received at least 48 hours (excluding Saturdays, Sundays and holidays) before the Meeting or any adjournment thereof at which the Proxy is to be used.

Each registered shareholder can appoint any person (who need not be a registered shareholder or even a Beneficial Shareholder of the Company), other than any of the persons designated in the Proxy, to represent that registered shareholder's shares at the Meeting, and that person may even be the registered shareholder representing himself, herself or itself. To exercise this right, a registered shareholder must insert the name of the person who is to be appointed as her, his or its representative (which may be that registered shareholder) in the blank space provided in the Proxy that will be provided for the Meeting.

### ***Beneficial Shareholders***

The information in this section is of significant importance to shareholders who do not hold shares registered in their own name. Beneficial Shareholders should note that the only proxies that can be recognized and acted upon at the Meeting are those deposited by registered shareholders (those whose names appear on the register of members of the Company as the registered holders of shares) or the persons they appoint as their proxyholders, or as set out in the following disclosure.

If shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those shares will not be registered in the shareholder's name on the register of members of the Company. Those shares will more likely be registered under the names of an intermediary such as the shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms), and in the United States, under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks).

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

There are two kinds of Beneficial Shareholders: those who object to their name being made known to the issuers of securities which they own (referred to as "**OBOs**" or "**Objecting Beneficial Owners**") and those who do not object to the issuers of the securities they own knowing who they are (referred to as "**NOBOs**" or "**Non-Objecting Beneficial Owners**").

### ***NOBOs-Non-Objecting Beneficial Owners***

The Company is taking advantage of provisions of National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* of the Canadian Securities Administrators permitting the Company to deliver proxy-related materials directly to its NOBOs. As a result, NOBOs can expect to receive a Voting Instruction Form ("**VIF**") from Equity. NOBOs should complete and return these VIFs in accordance with the instructions provided by Equity on the VIF. Those instructions will include options for submitting VIFs by mail, by fax at 1-416-595-9593 or online at [www.voteproxyonline.com](http://www.voteproxyonline.com) by entering the control number printed on the VIF. Equity will tabulate the results of the VIFs received from NOBOs and will provide appropriate instructions at the Meeting as to

the instructions provided by NOBOs on their VIFs. However, notwithstanding that these instructions from NOBOs are being tabulated by Equity and relayed at the Meeting, NOBOs and their intermediaries should note that only registered shareholders or their duly appointed representatives are entitled to vote at and be present at the Meeting, and the instructions provided by NOBOs through VIFs must nonetheless be transmitted to the Company through Proxies or other proper instruments from registered shareholders such as the intermediaries of those NOBOs.

This Information Circular, with related materials, is being sent to both registered and non-registered owners of the shares of the Company. For any shareholder who is a NOBO, if the Company or its agent has sent the Meeting materials directly to that shareholder, the shareholder's name and address, as well as the information about Company shares held by NOBO, has been obtained in accordance with applicable securities rules from the intermediary who holds those shares on behalf of the NOBO.

Each NOBO can appoint a person (who need not be a Beneficial Shareholder of the Company), other than any of the persons designated in the VIF, to represent that NOBO's shares at the Meeting, and that person may even be the Beneficial Shareholder representing himself, herself or itself. To do so, a NOBO must insert the name of the person who is to be appointed as her, his or its representative (which may be that NOBO) in the blank space provided in the VIF.

By choosing to send these materials to NOBOs directly, the Company (and not the intermediary holding shares on behalf of a NOBO) has assumed responsibility for (i) delivering Meeting materials to each NOBO, and (ii) executing the NOBO's proper voting instructions.

### ***OBOs-Objecting Beneficial Owners***

The VIF that will be supplied to OBOs by their brokers will be similar to the Proxy provided to registered shareholders by the Company, and to the VIF provided to NOBOs. However, its purpose is limited to instructing the intermediary how to vote the shares of an OBO.

The Company cannot directly or through an agent send Meeting materials to OBOs, as the identity of OBOs is not known to the Company. Most brokers delegate responsibility for sending shareholder meeting materials to OBOs, and for obtaining instructions from OBOs, to Broadridge Financial Solutions, Inc. ("**Broadridge**") in Canada and in the United States. Broadridge and any other intermediary sending Meeting materials to OBOs will mail their own form of VIF in lieu of the Proxy provided by the Company. Unless duly modified by an OBO, the persons named in the VIF provided to him, her or it to represent the shares of that OBO at the Meeting will be the same as those named in the Company's Proxy to represent the registered shareholders.

To ensure that their shares are voted at the Meeting, OBOs should carefully follow the instructions of their broker or intermediary as to how to communicate their voting and related instructions with respect to their shares for the Meeting. In most cases, those instructions will provide the ability to vote by mail, by fax or online.

Normally, an OBO can appoint a person (who need not be a Beneficial Shareholder of the Company), other than any of the persons designated in the VIF, to represent that OBO's shares at the Meeting, by following the instructions provided in or with the VIF. An OBO's appointed representative may even be the Beneficial Shareholder representing himself, herself or itself. To do so, the VIFs typically provided by intermediaries to their OBOs require that the OBO insert the name of a desired representative (which may be the Beneficial Shareholder) in the blank space provided in the VIF.

Completed VIFs must be submitted in accordance with the instructions for the VIF. Those completed VIFs will then be tabulated, and appropriate instructions regarding the votes submitted by OBOs (and any appointments of parties to represent OBOs) will then be submitted for the Meeting. OBOs and their intermediaries should note that only registered shareholders or their duly appointed representatives are entitled to vote at and be present at the Meeting, and the instructions provided by OBOs through VIFs must nonetheless be transmitted to the Company through Proxies or other proper instruments from registered shareholders such as the intermediaries of those OBOs.

### ***Notice to Shareholders in the United States***

The solicitation of proxies involves securities of an issuer incorporated in the Cayman Islands and reporting in Canada and is being effected in accordance with the corporate laws of the Cayman Islands and securities laws of the provinces of Canada. The proxy solicitation rules under the *United States Securities Exchange Act of 1934*, as amended, are not applicable to the Company or this solicitation, and this solicitation has not been prepared in accordance with those disclosure requirements. Shareholders should be aware that disclosure requirements under the securities laws of the provinces of Canada differ from the disclosure requirements under United States securities laws.

The enforcement by shareholders of civil liabilities under United States federal securities laws may be affected adversely by the fact that the Company is incorporated under the *Companies Law (2013 Revision) of the Cayman Islands* (“**Cayman Islands Companies Law**”), certain of its directors and its executive officers are residents of Canada and countries other than the United States, and all of the assets of the Company and a substantial portion of the assets of such persons are located outside the United States. Shareholders may not be able to sue a foreign company or its officers or directors in a foreign court for violations of United States federal securities laws. It may be difficult to compel a foreign company and its officers and directors to subject themselves to a judgment by a United States court.

### **Revocation of Proxies**

In addition to revocation in any other manner permitted by law, a registered shareholder who has given a proxy may revoke it by:

- a) executing a proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the registered shareholder or the registered shareholder’s authorized attorney in writing, or, if the registered shareholder is a corporation, under its corporate seal by an officer or attorney duly authorized, and by delivering the proxy bearing a later date to Equity at Suite 300, 200 University Avenue, Toronto, Ontario, Canada M5H 4H1, or at the offices of the Company at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, the last business day that precedes any reconvening thereof, or to the chairman of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law, or
- b) personally attending the Meeting and voting the registered shareholder’s shares.

A revocation of a proxy will not affect a matter on which a vote is taken before the revocation.

### **INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON**

To the best of our knowledge, except as otherwise disclosed herein, no director or executive officer of the Company, nor any person who has held such a position since the beginning of the last completed financial year of the Company, nor any proposed nominee for election as a director of the Company, nor any associate or affiliate of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted on at the Meeting other than the election of directors or the appointment of auditors, all as set out herein.

### **RECORD DATE AND PRINCIPAL HOLDERS OF VOTING SECURITIES**

#### **Record Date and Outstanding Shares**

The Board has fixed August 3, 2016 as the record date (the “**Record Date**”) for determining the shareholders entitled to receive notice of and to vote at the Meeting. Only shareholders of record at the close of business on the Record Date who either attend the Meeting personally or complete, sign and deliver a Proxy in the manner and subject to the provisions described above will be entitled to vote or to have their shares voted at the Meeting.

As of the date of this Information Circular, the ordinary shares of the Company are listed for trading on the Toronto Stock Exchange (the “**TSX**”). The Company is authorized to issue ordinary shares and different classes or series of shares up to a maximum of 5,000,000,000 shares, with \$0.001 par value each, having a maximum aggregate par value of \$5,000,000. As of the Record Date, there were 98,793,571 ordinary shares without par value issued and outstanding, each carrying the right to one vote, and there were no other shares of any class outstanding. There are no other class of shares issued and outstanding as at the Record Date. No group of shareholders has the right to elect a specified number of directors, nor are there cumulative or similar voting rights attached to the shares.

#### **Principal Holders of Ordinary Shares of the Company**

To the knowledge of the directors and executive officers of the Company, the only persons or companies that beneficially own, or control or direct, shares carrying 10% or more of the voting rights attached to all outstanding shares of the Company as at the Record Date are:

<b>Shareholder name</b>	<b>Number of shares held <sup>(1)</sup></b>	<b>Percentage of issued shares <sup>(2)</sup></b>
WISCO International Resources Development & Investment Limited	23,197,768	23.5%
Purple Star Holdings Limited <sup>(3)</sup>	24,691,628	25.0%
Sandy Chim and Thriving Century Limited <sup>(4)</sup>	16,703,817	16.9%

Notes:

1. Information obtained from the insider reports available under the Company's profile on SEDI at www.sedi.ca.
2. Based on 98,793,571 ordinary shares of the Company outstanding as at the Record Date.
3. Purple Star Holdings Limited is a British Virgin Islands ("BVI") holding company of which Ben Koon (David) Wong, a director of the Company, is a controlling shareholder.
4. Thriving Century Limited is a BVI holding company of which Sandy Chim, President and Chief Executive Officer and a director of the Company, is the sole shareholder, holds 15,263,917 Shares, with the balance being beneficially held directly by Mr. Chim.

## **FINANCIAL STATEMENTS**

The audited consolidated financial statements of the Company for the most recently completed financial year and the report of the auditor thereon will be placed before shareholders at the Meeting for their consideration. No formal action will be taken at the Meeting to approve the financial statements. If any shareholder has questions regarding such financial statements, such questions may be brought forward at the Meeting.

## **VOTES NECESSARY TO PASS RESOLUTIONS**

The resolutions proposed in this Information Circular and any other resolutions arising from the other matters described herein must be approved by holders of a simple majority of the votes of shareholders properly cast at the Meeting, whether in person or by proxy (an "**Ordinary Resolution**").

## **MATTER #1 - ELECTION OF DIRECTORS**

The Memorandum and Articles of Association of the Company (the "**Articles**") currently provide that the number of directors of the Company will be a minimum of three and a maximum of twelve. In accordance with the Articles, the Board has fixed the number of directors at eight.

The Articles of the Company provide that every director of the Company shall retire from office at the Company's annual general meeting of shareholders, and the term of office of each of the current directors will therefore end at the Meeting. Unless a director's office is vacated earlier in accordance with the provisions of the Cayman Islands Companies Law or the Company's Articles, each director elected at the Meeting will commence serving on the Board at the Meeting, and she or he will hold office until the conclusion of the next annual general meeting of shareholders of the Company.

### **Election of Directors and Majority Voting Policy**

With respect to the election at the Meeting of the nominees to the Board of Directors, the Proxy or VIF that shareholders of the Company will receive permits shareholders to vote separately "for", "against" or "abstain" for each director nominee. To be elected as a director by the shareholders, under the Cayman Islands Companies Law and the Articles a nominee must receive a majority of the votes cast on her or his candidacy. This is consistent with the majority voting policy adopted by the TSX.

If fewer than eight directors are elected by simple majority vote of the shareholders, then the following the Meeting the Board will be comprised of fewer than eight directors and the Board could then consider whether to fill the vacant seat or seats on the Board.

Shareholders should also note that in the event of a contested election, where the number of nominees for director positions exceeds the number of seats on the Board, only nominees who receive a simple majority of votes cast in favour of their election are eligible to serve on the Board (the "**Qualified Directors**"), and in accordance with the

Articles those Qualified Directors who receive the greatest number of votes, in declining order, will take seats on the Board until all available seats have been filled.

Subject to applicable laws and the Articles, the voting method to be applied for purposes of electing directors at the meeting will otherwise be determined by the chair of the meeting in his or her sole discretion.

### **Nominees for Election and Board Recommendation**

The directors of the Company have determined that the number of directors for the ensuing year will be eight. All of the nominees for election at the Meeting are currently directors of the Company. All the nominees have agreed to stand for election. If, however, one or more of them should become unable to stand for election, it is likely that one or more other persons would be nominated for election at the Meeting.

### **The Board of Directors unanimously recommends that shareholders vote “FOR” the election of the directors nominated by the Board.**

In connection with the closing of the Qualifying Transaction of the Company on May 18, 2011 (the “**Qualifying Transaction**”), and further to the concurrent equity investment in the Company by WISCO International Resources Development & Investment Limited (“**WISCO**”), the Company entered into an investment agreement with WISCO (the “**Investment Agreement**”) which effectively provides that, if WISCO owns 10% or more of the outstanding shares of the Company on a non-diluted basis, WISCO will have the right to nominate, after consultation with the Company, a number of directors of the Company. The number of directors that may be nominated by WISCO pursuant to the terms of the Investment Agreement will be determined from time to time based on: (a) the percentage of the ordinary shares of the Company held by WISCO, and (b) the number of directors comprising the Board of the Company from time to time, with the product rounded down to the nearest whole number of directors. On the basis of WISCO’s current equity interest in the Company and the number of directors proposed for election at the Meeting, WISCO currently has the right to designate two individuals as nominees. Mr. Caifa Xu and Xin Ting (Tony) Wang have been proposed by WISCO as nominee directors for election at the Meeting, and the Board has accepted this proposal and is nominating and recommending these individuals.

The following disclosure sets out: (a) the names of management’s eight nominees for election as directors, (b) their major offices and positions with the Company including service on committees of the Board since the last annual and special meeting of shareholders, (c) their principal occupation, business or employment, (d) the period of time during which each has been a director of the Company, and (e) the number of shares beneficially owned by each, directly or indirectly, or over which each exercised control or direction, as at the Record Date. For each nominee’s principal occupation, business or employment for the five preceding years, see “*Matter #1-Election of Directors – Principal Occupation, Business or Employment of Nominees*”.

Unless authority to do so with respect to one or more directors is withheld, the persons designated as proxyholders in the accompanying Proxy intend to vote the Shares represented by such Proxy, properly executed for the election of each of the nominees set forth in the following disclosure. The Company’s management does not contemplate that any of the nominees will be unable to serve as a director, but if that should occur for any reason prior to the Meeting, it is intended that discretionary authority will be exercised by the persons named in the accompanying Proxy to vote any proxy for the election of any other person or persons in place of any nominee or nominees unable to serve.

The Board believes that good corporate governance improves corporate performance and benefits all shareholders and is committed to sound corporate governance practices.

As of the date of this Information Circular, the Company has adopted the following corporate governance guidelines and policies:

- Corporate Governance Guidelines;
- Code of Business Conducts and Ethics;

### **Board of Directors**

The Board of the Company facilitates its exercise of independent supervision over management by ensuring representation on the Board by directors who are independent of management and by promoting frequent interaction and feedback.

Directors are considered to be independent if they have no direct or indirect material relationship with the Company. A "material relationship" is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a director's independent judgment.

With a view to determining independent, the Board has reviewed the relationship between the Company and each person nominated for election as a director of the Company, as well as the relationship between the Company and other individuals who were directors in the 2015-2016 financial year or previously in the 2016-2017 financial year. 12. Member of Corporate Social Responsibility Committee in 2015-2016 financial year.
13. Chair of Corporate Social Responsibility Committee in 2015-2016 financial year.

As noted above, the Board is not comprised of a majority of independent directors. However, the exercise of independent judgment by the Board is fostered in a number of ways. For example, they comprise all of the members of the Audit Committee and Compensation Committee of the Board, and they comprise a majority of the members of the Governance and Nominating Committee of the Board. (Currently, these are the only active committees of the Board of Directors.) In addition, the Chairs of all Board committees are independent directors. Also, the Board regularly meets in camera without the participation of directors who are also officers of the Company.

With a view to fostering independent judgment and oversight, the Board considers the independence of directors in determining which directors are to serve on committees, taking into account the roles of the committees and the likelihood that the independence of directors will be important to the committee in discharging its responsibilities. Furthermore, the Board encourages independent Board members to discuss all matters with other independent directors and non-independent directors and management in order that they are fully informed and apprised of all matters necessary to make objective decisions as directors. Finally, as discussed below, the independence of the Lead Director is also important in fostering the independent exercise of judgment by the Board.

***Exercise of Independence by the Board – the Board Chair and the Lead Director***

As disclosed above, management is of the opinion that the Chair of the Board, Sandy Chim, is a non-independent director.

To provide leadership to the independent directors, the Board appointed Howard Bernier from among the independent directors to act as the Lead Director. Mr. Bernier's has served as Lead Director since October 2014 with the unanimous approval of the independent directors of the Board.

The Lead Director's primary role is to provide leadership for the independent directors, assist in managing any conflicts between the Company and any controlling shareholder, to focus on enhancing the effectiveness of the Board and to help ensure that the Board functions in an independent and cohesive fashion. In addition, the Lead Director, through consultation with the Chair of the Board, prepares agendas for meetings of the independent directors, ensures meetings of the independent directors are scheduled regularly, chairs such meetings and reports the results of such meetings to the Chair of the Board, and where necessary, to the Chief Executive Officer. The Lead Director is responsible for ensuring that directors and management understand the independent role of the Board and the boundaries between the responsibilities of the Board and of management and for identifying and addressing impediments to the Board's ability to function independently of management. In circumstances of conflict by reason of the lack of independence of the Chair of the Board, the Lead Director acts as the liaison between management and the Board to ensure the relationship between management and the Board are conducted in a professional and constructive manner. This includes ensuring that the boundaries between the Board and management are clearly understood and respected by both management and directors.

When warranted, the independent directors plan to meet, in the absence of management and non-independent directors, at the conclusion of scheduled Board meetings. In addition, where a matter under consideration at a Board meeting warrants it and to ensure that free and candid discussions can take place, the Chair of the Board or Lead Director may request one or more members of management or non-independent directors to withdraw during the discussions of that matter. The Lead Director may also call meetings of independent directors at the request of any independent director or on his own initiative.

Among the experiences that relate to Mr. Jiong Hui Wang being financially literate, he currently serves as Assistant President of China Minmetals Corporation, a Chinese state-owned diversified metals and mining company and as an executive with other companies within that organization and previously as the Deputy General Manager of China National Geological Mining Corporation. Mr. Maurice Strong also sat on the Audit Committee in the 2015-2016 financial year, until his death on November 27, 2015. During his service on this Committee, Mr. Strong was able to draw on over 30 years of experience at higher levels in business and with government and international organizations, including as President of Power Corporation of Canada and Chairman and Chief Executive Officer of Ontario Hydro, and his service as Under Secretary General and Special Advisor to the Secretary General of the United Nations and Senior Advisor to the President of the World Bank.

In light of the education and experience of the Audit Committee's members, the Board has determined that each member possesses:

- an understanding of the accounting principles used by the Company to prepare its financial statements;
- the ability to assess the general application of such accounting principles in connection with the accounting for estimates, accruals and reserves;
- experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the Company's financial statements, and
- an understanding of internal controls and procedures for financial reporting.

For further information regarding the Audit Committee, including information regarding the qualifications and experience of the members of the Audit Committee, please refer to the Company's Annual Information Form dated June 23, 2016 (the "AIF") under "Additional Information – Audit Committee". A copy of the Audit Committee Charter is attached as Schedule "A" to the AIF. The AIF is available under the Company's profile on SEDAR at [www.sedar.com](http://www.sedar.com) and a copy of the AIF is available upon request from Denis Frawley, Co-Secretary or Ivan Wong, Co-Secretary, and Senior Vice President, Corporate Finance and Project Development, free of charge to shareholders of the Company.

### ***Governance and Nominating Committee***

The Governance and Nominating Committee assists the Board with its oversight of corporate governance policies and practices, with its assessment of the Board's effectiveness, with its review of the Board's relationship with management in the area of independence and with matters relating to the Board's operations. Among its other duties, this Committee is responsible for most aspects relating to the composition of the Board and its committees, including nominations to the Board and recommendations for who should serve on committees and as committee chairs. In selecting nominees to serve as directors, the Governance and Nominating Committee is required to consider the competencies and skills required from the Board of Directors as a whole, and the competencies and skills of current or incumbent directors and those persons being considered for nomination to the Board. As part of its mandate, the Governance and Nominating Committee also reviews and assesses the Company's corporate governance policies and procedures, the mandates adopted by the Board for certain positions, and the charters of committees of the Board.

The Governance and Nominating Committee is currently comprised of three directors, the majority of which are considered independent by the Board, namely Kit Ying (Karen) Lee (Chair), and Howard Bernier. The third member of this committee is Sandy Chim, who is not considered independent.

### ***Compensation Committee***

Under the Company's corporate governance policies, the Compensation Committee's role is to establish a plan of continuity for management of the Company and to fulfill the Board's responsibilities relating to human resource and compensation matters for the directors, the CEO and the other officers and members of senior management of the Company. In this regard, among its other duties the Compensation Committee reviews and makes recommendations to the Board regarding the compensation philosophy and guidelines for the directors, officers and senior management of the Company, as well as the goals and objectives of officers and senior management. The Compensation Committee leads periodic reviews of the CEO's compensation, and is responsible for reporting the results of such review to the Board, and for reviewing the CEO's reports and recommendations as to the performance and compensation of officers other than the CEO (and ultimately reporting to the Board on such review). In addition, the Compensation Committee makes recommendations to the Board regarding equity incentive plans, other incentive compensation, and other benefit plans, as well as for specific equity incentive awards.

The Compensation Committee is currently comprised of two directors, Howard Bernier (Chair) and Kit Ying (Karen) Lee. Both members are considered to be independent members of the Board. All Compensation Committee members have direct experience that is relevant to their responsibilities in executive compensation as a result of their positions with other public companies and their experience in the resource industry. Mr. Bernier has served as a consultant to and officer of various public companies, as the resident manager of Wabush Mines in Sept-Îles, Québec, and most recently as Chief Operating Officer of Consolidated Thompson Iron Mines Limited. Ms. Lee is a seasoned senior executive with over 20 years of experience working in the financial markets and serving various senior executive positions with regulatory and exchanges in Hong Kong, including as CFO looking after Finance and Treasury functions of HKEx. Ms. Lee is currently an independent non-executive director of China Blue Chemical Ltd., a public

company listed in Hong Kong. Mr. Maurice Strong also sat on the Compensation Committee until his death on November 27, 2015. During his service on this Committee, Mr. Strong was able to draw on over 30 years of experience at higher levels in business and with government and international organizations, including as President of Power Corporation of Canada and Chairman and Chief Executive Officer of Ontario Hydro, and his service as Under Secretary General and Special Advisor to the Secretary General of the United Nations and Senior Advisor to the President of the World Bank.

### ***Disclosure Committee***

The Disclosure Committee is responsible for, among other things, monitoring the effectiveness of, and compliance with, the Disclosure Policy adopted by the Board, to oversee the education of directors, officers and others about disclosure issues and the Disclosure Policy, and to review the Company's disclosure in public reports and filings, as well as on its website.

The Disclosure Committee is comprised of Sandy Chim, Chief Executive Officer, Ivan Wong, Co-Secretary, and Senior Vice President, Corporate Finance and Project Development, and Rebecca Ng, Chief Financial Officer.

### ***Corporate Social Responsibility Committee***

The Corporate Social Responsibility Committee is responsible for overseeing and managing consultations with First Nations and the implementation of business activities that involve or impact First Nations communities. In addition, under its Charter, this Committee is responsible for the review and approval of policies and monitoring of activities of the Company as they relate to environmental issues, reporting to the Board on environmental matters relating to the Company, reviewing and approving health and safety policies, monitoring Company activities as they relate to health, safety and social issues affecting communities affected by the Company, and reporting to the Board on health and safety issues.

Considering the Company's limited mineral exploration and development activities, the Board of Directors recently suspended the activities of the Corporate Social Responsibility Committee. The Board of Directors intends to reactivate this Committee and its membership when the Company resumes activities requiring its oversight. Prior to its suspension, the Corporate Social Responsibility Committee was comprised of two directors, Howard Bernier and Kit Ying (Karen) Lee. Mr. Strong also sat on the Corporate Social Responsibility Committee as its Chair until his death on November 27, 2015.

### ***Technical Committee***

The Technical Committee is governed by the Charter of the Technical Committee which was approved in 2014. The role of the Technical Committee is to assist the Board in its oversight of technical and operational matters. The Committee is responsible for receiving regular updates from management on key technical and operational issues and initiatives, including significant exploration and development projects and proposed authorizations for expenditure for matters having a significant technical component. In addition, the Committee is responsible for assessing the Company's systems and processes for reviewing technical risks and technical controls in place at the Company's operations, including quality assurance/quality control measures, calculation of mineral resources and mineral reserves and similar matters.

Considering the Company's limited mineral exploration and development activities, the Board of Directors recently suspended the activities of the Technical Committee. The Board of Directors intends to reactivate this Committee and its membership when the Company resumes activities requiring its oversight. Prior to its suspension, the members of this Committee were Jiong Hui Wang (Chair), Sandy Chim and Howard Bernier.

### **Position Descriptions**

Set out below are brief descriptions of the responsibilities assigned to the Board Chair, the Lead Director, the CEO and the chairs of each committee of the Board under the Mandates and committee charters. These descriptions reflect those elaborated in the Mandates, policies and committee charters of the Company's governance manual.

#### ***The Chair of the Board***

The Chair's general mandate is to oversee management of the Board's affairs, to monitor the Board's effectiveness, to foster effective relations among Board members, shareholders, other stakeholders and the public, to provide leadership on the Board by setting agendas and managing meetings of the Board, and to assist the CEO in executing his mandate with respect to Company affairs.

### ***The Lead Director***

The Lead Director's general mandate is to plan and chair meetings of the independent directors, to identify and address impediments to the independent functioning of the Board and to liaise between the Board and management of the Company.

### ***The Chief Executive Officer***

The Chief Executive Officer's general mandate is to implement the Company's strategic and operating plans with a view to enhancing shareholder value, as well as to manage the Company on a day-to-day basis reporting to the Board. In the context of directing and overseeing the management of the Company's operations, under the current Mandate of the Chief Executive Officer as adopted by the Board, the CEO is asked to promote a culture of integrity, manage business strategies and plans, manage key members of senior management, oversee financial performance and work with the Board in the Board's exercise of its oversight role.

### ***Committee Chairs***

Under the Charters of the Committees of the Board, the Chair of each Committee is responsible for leading the Committee in discharging the Committee's duties, facilitating communications to and within the Committee, facilitating access to management as necessary, organizing and chairing Committee meetings, leading the Committee in its review and assessment of its mandate and effectiveness, working to address continuous education needs and reporting to the Board on Committee matters.

### **Orientation and Continuing Education**

The Governance and Nominating Committee, in conjunction with the Chair of the Board and the Chief Executive Officer, is responsible for reviewing, monitoring and making recommendations to the Board regarding the orientation and education of directors. In addition, the Chairs of each Committee are also asked to canvass Committee members for continuous education needs.

The Board recognizes the importance of ongoing director education. In order to ensure that the Company's directors maintain the skill and knowledge necessary to meet their obligations as directors, the Governance and Nominating Committee will periodically canvas the directors to determine their training and education and needs and interests, and facilitate the presentation by outside experts to the Board or committees on matters of particular importance or emerging significance. In addition, Board members are periodically provided guides, memoranda and other materials to assist the Board in understanding and carrying out their obligations in light of legal and regulatory requirements with respect to the Company's operations and governance.

### **Ethical Business Conduct**

The Company's Code of Business Conduct and Ethics governs the behaviour of its directors, officers and employees. The Code sets out expectations for the conduct of the Company's business in accordance with all applicable laws, rules and regulations and the highest ethical standards. When new directors or employees are engaged, they are provided a copy of the Code and required to sign an acknowledgement of having read the Code. This procedure is to be repeated if any significant amendments are made to the Code. The Code will also be circulated annually within the Company. Shareholders may obtain a copy of the Code of Business Conduct and Ethics by contacting Denis Frawley, Co-Secretary or Ivan Wong, Co-Secretary, and Senior Vice President, Corporate Finance and Project Development, at 011-852-9531-8700.

The Code of Business Conduct and Ethics includes procedures and mechanisms for directors, officers, and employees of the Company to report violations of, or concerns regarding, various matters (including financial statement disclosure issues, accounting matters, internal controls, fraud and misrepresentations) in relation to the Code. Where the reporting person does not wish to, or is not able to, discuss a concern with his or her immediate supervisor, reports may be submitted to a Chief Risk Officer in Canada or to the Chair of the Audit Committee with respect to financial matters. Reports may be made anonymously. After an investigation of a report of non-compliance with the Code is completed, the matter is reported to the Audit Committee for consideration and appropriate action.

In addition to the procedure for reporting complaints described above, the Company has taken other steps to monitor compliance, including commissioning internal controls and other compliance reviews in 2015 and 2016.

The Board has in place a number of procedures designed to ensure that directors exercise independent judgment in a matter where a director or officer has a material interest, including the assessment made by the Board as to the independence of its directors, which assessment provides the Board with a current understanding of the areas in which

a director may have a material interest in business of the Company, or matters under consideration by the Board. A director who has a conflict of interest regarding any particular matter under consideration by the Board is required to advise the Board, refrain from debate on the matter and abstain from any vote regarding that matter.

### **Representation of Women on the Board and in Executive Officer Positions**

The Board has not adopted a written policy relating to the identification and nomination of women directors, nor has it adopted a target regarding the number or percentage of directors who should be women.

As previously discussed in this Information Circular under “*Corporate Governance-Mandates and Charters Adopted by the Board-Governance and Nominating Committee*”, the Governance and Nominating Committee is responsible for, among other things, assessing the skills and competencies needed on the Board, as compared to those possessed by current directors and by candidates for service on the Board. Following that assessment, this committee is responsible for making recommendations to the Board as to candidates to be nominated for election as directors of the Company or appointed to the Board outside of shareholder meetings. Currently, neither the Board nor the Governance and Nominating Committee formally or specifically focuses on the level of representation of women on the Board when considering candidates for election or re-election. However, that may evolve over time and as circumstances permit.

The Company currently has one woman serving as a director, corresponding to 12.5% of the Board. She serves as a member and Chair of the Audit Committee, a member and Chair of the Governance and Nominating Committee, and a member of the Compensation Committee and the Corporate Social Responsibility.

Similarly, the Board does not formally and specifically focus on the level of representation of women in executive officer positions when making executive officer appointments, nor has a target been adopted for women in executive officer positions. Currently, the Company has a small management team whose size is reflective of the nature and scope of current operations. A material expansion in the size of the Company’s senior management is not anticipated as being necessary or appropriate until such time as a decision is made for the Company to move ahead with the development of one of its projects or to begin significant operations in a new area of activity.

The Company is committed to the fundamental principles of treating people fairly, with respect and dignity, and to offering equal employment opportunities based upon an individual’s qualifications and performance and without discrimination or harassment because of factors like race, ethnicity, gender or sexual orientation that are not related to performance. The Company’s goal in making hiring decisions, including executive officer positions, is to select candidates based solely upon experience, skills, competencies and ability. Considering the small number of the Company’s executive officers and employees, management feels that currently it is not practical for the Company to commit to orienting its hiring decisions with gender representation targets in mind.

The Company presently has one woman in an executive officer position, corresponding to 25% of the Company’s executive officers. She serves as the Company’s Chief Financial Officer and a member of the Disclosure Committee.

### **Nomination of Directors**

The Governance and Nominating Committee oversees the general and specific criteria for candidates to be considered for nomination as directors with a view to ensuring the composition of the Board provides the necessary mix of skills and experience required to guide the long-term strategy and business operations of the Company. As part of this process, the Governance and Nominating Committee considers the competencies and skills required by the Board as a whole, and the particular competencies and skills that each director possesses.

The review will take into account the diversity of background, skills and experience of the directors, being the key characteristics that the Committee believes are required for effective Board participation. All directors are encouraged to identify potential candidates for nomination.

The Committee will screen all prospective nominees and review their particular characteristics and skills against the identified criteria bearing in mind competencies and skills that may be lacking in the composition of the Board from time to time. Consideration will also be given to the perceived ability of a nominee to devote the time and effort needed to fulfilling his or her duties as a member of the Board.

### **Director Term Limits and Board Renewal**

The Company has not adopted a policy regarding director term limits, director retirement or Board renewal. Since the Company completed its Qualifying Transaction in May of 2011, the composition of the Board has changed over

time. As a result of these changes, there has been a natural evolution and renewal in the composition of the Board over time. As explained in greater detail previously in this Information Circular (see Matter #1 – Election of Directors), WISCO currently has the right to designate two individuals as nominees to the Board of Directors.

With respect to the current members Board, all of whom are nominated for re-election at the Meeting, four directors have served since the Company completed its Qualifying Transaction in May 2011, one director has served since September 2011, one director was elected in September 2014, and the remaining two directors joined Board in October 2015 and August 2016.

Each year, the Governance and Nominating Committee reviews the current Board's make-up and the skills and competencies of current directors, including the experience of the directors, to determine if the current board members are appropriate for re-election and will continue to make an effective contribution and whether or not additional or replacement directors are required, given the Company's anticipated activities. The adoption of a fixed policy with respect to Board renewal, or the age of directors, or the duration of a director's membership on the Board, was not considered appropriate for the Company. Currently, the yearly review undertaken by the Governance and Nominating Committee is thought to provide an effective means of evaluating the composition of the Board, the needs of the Company from its Board, and Board renewal.

### **Compensation**

The compensation offered by the Company to its directors, officers and senior management is designed to be motivational and to enable the Company to attract, retain and inspire performance of management of a quality and nature that will enhance the growth and sustainability of the Company. The Compensation Committee is responsible for reviewing and recommending the compensation philosophy and guidelines for the directors and officers of the Company. The Compensation Committee periodically reviews compensation matters and makes recommendations to the Board for consideration and approval when it believes changes in compensation are warranted.

Currently, the principal components of the executive compensation awarded by the Company are a base salary, a short term annual incentive award, and long term incentives in the form of stock options and awards outlined in the Company's Equity Incentive Plan, which was filed on SEDAR at [www.sedar.com](http://www.sedar.com). The Company may include other forms of equity-based compensation as a component of long term incentive compensation. For a discussion of the compensation structure, see "*Executive Compensation – Compensation Discussion and Analysis*".

### **Corporate Disclosure Policy**

The Board has a Disclosure Policy which is intended to ensure that all material information relating to the Company is communicated appropriately and in a timely manner to the public and shareholders. The policy also applies to the dissemination of annual and quarterly reports, press releases and other reports. In addition to annual general meetings, meetings between management of the Company and various investors and investment analysts occur occasionally, all of which are governed by the Disclosure Policy.

### **Assessments**

In accordance with its Charter, the Governance and Nominating Committee, with input from the Board Chair and the Lead Director, assesses the performance of the Board and its directors. This Committee also reviews the performance of the Board Chair, the Lead Director, Committee Chairs and each Committee. These assessments are taken into account when the Governance and Nominating Committee makes its recommendations to the Board regarding director nominations, as well as regarding specific positions on the Board and its Committees.

## Compensation Discussion and Analysis

This section provides information about the Company’s compensation-related objectives and procedures. It also includes a discussion of the compensation decisions relating to the Company NEOs listed in the summary compensation table above.

The Company currently has no revenues from operations. Consequently, in determining executive compensation, the Board considers the Company's financial circumstances at the time decisions are made regarding executive compensation, and also the mid and long-term forecasted financial position of the Company. Since the Company's operations do not currently earn revenue, equity incentives such as stock options and share units are considered by the Company and its Board as an important component of executive compensation, insofar as these forms of compensation do not necessarily require cash disbursements by the Company.

The Company has entered into employment agreements with each of its NEOs. For a description of the employment agreements entered into between the Company and certain of its NEOs, see "*Executive Compensation – Employment Agreements and Termination and Change of Control Benefits*" below.

Additional information about the Company and its operations is available in the Company's audited consolidated financial statements, which are available under the Company's profile on SEDAR at [www.sedar.com](http://www.sedar.com).

### ***Principles, Components and Policies***

The Compensation Committee is responsible for recommending the compensation of the Company's executive officers to the Board. In establishing compensation levels for executive officers, the committee seeks to accomplish the following goals:

- to recruit and subsequently retain highly qualified executive officers by offering overall compensation which is competitive with that offered for comparable positions in other mineral exploration companies of a similar size and overall stage of business development;
- to motivate executives to achieve important corporate and individual performance objectives and reward them when such objectives are met; and
- to align the interests of executive officers with the long-term interests of shareholders through participation in the Company's equity incentive plan.

Currently, the Company's executive compensation package consists of a base salary, discretionary annual cash bonus and long-term incentives in the form of share options, performance share units (where the units vest based on the achievement of identified performance objectives) and restricted share units (where units will vest after the unit-holder has worked a specified period of time for the Company). In this manner, different types of compensation are available to reward executives for near-term performance and thereby motivate executives in the near terms, as well as to motivate and reward executives for their loyalty and commitment to the Company and to motivate executives to help achieve the principal objectives identified by the Company's Board of Directors. In the future, the compensation offered to directors, officers and senior management, as well as other employees, could include other forms of equity-based compensation as a component of long term incentive compensation.

The components of long term incentive compensation offered by the Company have been established for the Company's executive compensation package on the basis that a competitive base salary and opportunity for annual cash bonuses are required in order both to retain key executives and acknowledge their performance in the near-term, and that participation in the Company's equity-based incentive compensation awards should align the interests of management with those of the Company's shareholders, as well as contribute to the ongoing success of the Company.

When determining the type and extent of compensation to be offered and paid to executives, the Compensation Committee considers the Company's financial situation, particularly the availability of cash and anticipated needs for cash, as well as the performance of the Company's share price. In the case of share units granted to executives, the Compensation Committee has sought to preserve the ability to determine to make payments due when share units are vested either in cash or in shares of the Company at the time those payments are due. In that regard, the decision to make compensation payments in cash or equity can be reached at a time when it will be possible for the Compensation Committee and the Board of Directors to assess financial conditions, cash constraints, cash requirements, stock market conditions and general market conditions.

In considering compensation offered to management, the Compensation Committee considered the risks associated with the Company's compensation policies and practices and concluded that, given the nature of the Company's business and the role of the Compensation Committee in overseeing the Company's executive compensation practices, the compensation policies and practices do not serve to encourage any NEO or individual at a principal business unit or division to take inappropriate or excessive risks, and no risks were identified as arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

Although the Company has not adopted a policy disallowing insiders from purchasing financial instruments designed to hedge or offset any decrease in market value of shares or any other securities of the Company, the Company is not aware of any insiders having purchases such instruments.

### ***Base Salary***

The Named Executive Officers are paid a salary that is designed to ensure that the compensation package offered by the Company is competitive with that offered by others in the mineral exploration and development industry, and that fairly compensates the Named Executive Officers for efforts on behalf of the Company. Base salaries for executive officers are evaluated against the responsibilities inherent in their positions with the Company, as well as each individual's experience and past performance. Compensation levels are also compared to the competitive marketplace for management talent at other mineral exploration and development companies that are at similar stages of development, market capitalization and size.

### ***Annual Incentive Cash Bonuses***

The Named Executive Officers are entitled to be considered for a discretionary annual incentive cash bonus at the end of each year.

For the Company's President and CEO, for the financial year ended March 31, 2016 the amount of the available cash bonus was in a range of between 50% and 150% of his base salary. Pre-determined criteria were then identified against which performance would be measured in determining the amount of bonus to award. Specifically, 15% of the bonus was tied to the performance of the Company's share price during the year as compared to that of peers, 30% of the bonus was tied to the Company's observance of budgets approved by the Board of Directors for and during that year and to management's success in finding savings, 20% of the bonus depended upon the implementation of the continuation of the Company's organization from British Columbia to the Cayman Islands, 25% of the bonus depended upon an evaluation of the Company's progress and success in establishing its food business and commencing its operations, and 10% of the depended upon an evaluation of the Company's progress and success in pursuing and implementing other aspects of its non-ferrous business strategy. Similar evaluations were completed in prior years.

For the financial year ending March 31, 2017, the Compensation Committee expects to re-evaluate the performance objectives and criteria against which the President and CEO's performance will be measured and his bonus determined so as to reflect the principal goals for the Company as they evolve. Similarly, the Compensation Committee expects to periodically re-adjust the performance criteria applied so as to promote an alignment between the goals for the Company as identified by the Board of Directors and the corresponding cash compensation available to the President and CEO if those goals are achieved.

For other Named Executive Officers, the Company has not established defined performance measures to be applied when determining how much incentive cash bonus to award. However, when determining those cash bonuses, an executive's performance during the year is evaluated, as are the Company's achievements during the year.

For the financial years ended March 31, 2016, March 31, 2015 and March 31, 2014, the Company awarded discretionary bonuses to the Named Executive Officers as reflected in the *Summary Compensation Table* provided above under the heading "Annual Incentive Plans". The Company's objectives in granting annual incentive cash bonuses generally include:

- attracting and retaining talented, qualified and effective executives,
- motivating the short and long-term performance of these executives, and
- better aligning their interests with those of the Company's shareholders.

### ***Long-Term Incentives—Equity-based incentive compensation***

The Equity Incentive Plan of the Company allows for the grant of stock options and other types of equity incentive awards to Named Executive Officers, directors, employees and others providing services to the Company. The objective of the Equity Incentive Plan is to provide the Company with the ability to compensate its directors, management and employees with forms of equity-based compensation including stock options and share units, while nonetheless linking the compensation of the recipients of those awards to directors, executives, key employees and others providing services to the Company to the Company's long term success, as well as to promote retention and motivation among these individuals.

Share options have been granted to reward individuals for current performance and to align the long-term interests of the Named Executive Officers (as well as other optionees) with shareholders. Share options are granted in accordance

with the Company's stock option plan. The exercise price for options granted under the plan cannot be less than the market price of the securities at the time the option is granted, and must otherwise comply with the policies of the TSX. See "*Securities Authorized for Issuance under Equity Compensation Plans*" below.

On November 13, 2013, the Board approved the award of share units tied both to continued service and to established performance objectives granted under the Equity Incentive Plan. Share units are an additional component of compensation to officers (including the Named Executive Officers), directors, key employees and others providing services to the Company. A portion of the share units granted vest over time provided the unit holders continue to be employed by or provide services to the Company for the required vesting period, and the balance would vest if identified performance criteria are met and achieved. For vested share units, the holders are entitled to payment in cash or in shares of the Company, at the election of the Company. Each share unit is equivalent to one ordinary share of the Company. If a unit holder is to receive payment of his or her share units in cash, the amount of the payment would be the fair market value of ordinary shares of the Company. Generally, the Board will have discretion to determine the date as of which the fair market value of ordinary shares is determined for these purposes, provided that the date cannot be earlier than the date when all pre-conditions to payment under a share unit have been satisfied. However, when a share unit is granted, the Board may specify in the applicable agreement another date or principle for determining the fair market value of ordinary shares for purposes of share unit payments.

### ***Compensation-Related Report***

In March of 2012, the Company received a report from a compensation consultant, Roger Gurr & Associates, regarding the appropriateness of the Company's executive (and director) compensation structure. In preparing the report, the Company's compensation structure was compared to the compensation offered by a group of 14 comparable companies. The report concluded that the Company's executive compensation structure is reasonable with respect to salary, annual bonus opportunities and annual stock option issuances. The report also noted that in order to provide more attractive compensation packages, if capacity was available, larger annual issuances of stock options could be provided.

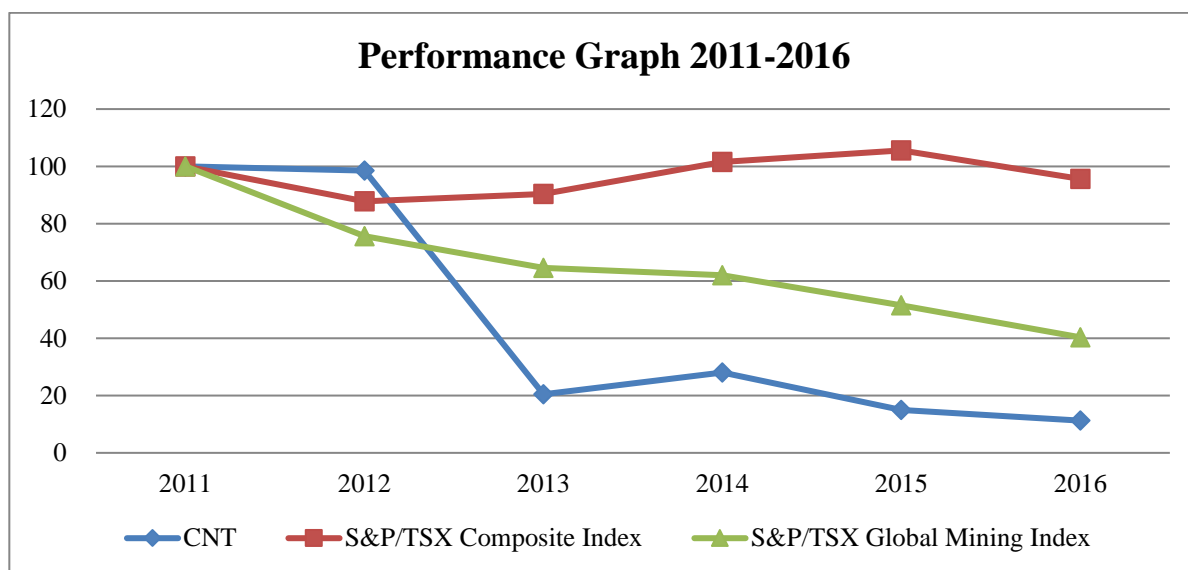

On July 2, 2013, the Company retained Towers Watson to provide assistance in designing and implementing a long-term incentive plan for the Company's executives, key employees, directors and others. The amendments to the Company's stock option plan were approved at the Annual General and Special Meeting of the Shareholders of the Company on September 26, 2013.

### ***Executive Compensation-Related Fees and All Other Fees***

For the financial years ended March 31, 2015 and March 31, 2016, and during the period since March 31, 2016, the aggregate fees billed to the Company by each consultant or advisor for services related to determining compensation for any of the Company's directors and executive officers were Nil, Nil and Nil respectively. For the same periods, the aggregate fees billed to the Company by each consultant or advisor for all other services were Nil, Nil and Nil, respectively. These fees do not include fees of legal counsel incurred with respect to advice generally provided to the Board of Directors and its Compensation Committee.

The following graph depicts the Company's cumulative total shareholders' return on March 31 of each year since March 31, 2011, assuming a \$100 investment in the Company's ordinary shares on its first day of listing, compared to an equal investment in the S&P/TSX Composite Index and the S&P/TSX Global Mining Index.

On May 18, 2011, the Company completed the Qualifying Transaction, whereby its ordinary shares were consolidated on the basis of one post-consolidation share for each previous outstanding ten ordinary shares of the Company effective May 16, 2011. On September 19, 2011, the Company graduated from the TSXV to the Toronto Stock Exchange. The shareholders' return in the graph has been adjusted for the effects of the share consolidation.

Over the past five years, there has been a steady and gradual increase in the Company's overall compensation to its executive officers consistent with the increased activities and accomplishments of the Company, followed by a reduction in compensation in 2016 to reflect the challenging market conditions. Although the Company's stock performance has lagged that of both the S&P/TSX Composite Index and S&P/TSX Global Mining Index over the period, the Board believes that the under-performance in the Company's share price largely reflects the negativity in the market sentiment towards the more pronounced decline in the iron ore sector relative to other commodities including gold, copper and other base metals in the midst of lack-luster global economic recovery. TSI Fe 62% iron ore spot price has declined from a peak of \$190/Mt reached in 2011 to a low of less than \$50/Mt in 2016, a 73% decline compared to only a smaller decline in copper price and what appears to be the beginning of the next bull cycle for gold. The iron ore market has been particularly challenged by the market oversupply situation stemming from the substantial investment and expansion of production made by the three largest iron ore producers, together with the slowdown in economic growth in China. The Board considers that the decline in share price was unrelated to the performance of the management of the Company, but was instead driven by the overall macroeconomic conditions specific to the iron ore sector. However, the Company has adjusted down the compensation package in 2016 to preserve cash in alignment with the interest of the Company's shareholders.

When compared to its peers, other iron ore exploration and development companies operating in the Labrador Trough region, the Company's stock has performed very well and ranks near the top of this group. Management is of the opinion that this was a direct result of management's ongoing performance and efforts over the last few years to create a substantial portfolio of iron ore resources totaling 19.4Bt, to have completed the Feasibility Study of the Company's flagship Joyce Lake DSO project, and to have positioned the Company to perform well to maximize shareholder returns when the iron market recovers. Management is optimistic that the Company's strong cash position of \$23.4M at the end of June 2016, which the Company's management has been very mindful of conserving, along with its unique competitive advantage of establishing strong partnerships with two Chinese state-owned enterprises when available funding is scarce, will allow the Company to diversify its business into non-ferrous sectors. The management team has created a solid business development platform for the Company to assess and evaluate potential investments during a period when many of the Company's peers are struggling to maintain their properties and mining assets are, in general, undervalued compared to valuations given in prior periods. The Board believes that these accomplishments by the Company's management, rather than the Company's stock performance, should form a reasonable and objective basis for evaluating increases in management compensation during the period.

#### ***Employment Agreements and Termination and Change of Control Benefits***

The Company has entered into Executive Employment Agreements with three of its Named Executive Officers of the Company, namely Sandy Chim, Ivan Wong, and Rebecca Ng. Pursuant to the terms of the Executive Employment Agreements, each of those Named Executive Officers receive an annual base salary, are entitled to (i) participate in the Company's Equity Incentive Plan, (ii) receive discretionary annual cash bonuses and other standard benefits made available by the Company to its employees, and (iii) are reimbursed for all reasonable expenses incurred in connection with their duties on behalf of the Company. The base salary of each executive will be reviewed annually and any

adjustment will be based on the performance of the executive. All of these Named Executive Officers, under their respective Executive Employment Agreements, are subject to non-competition provisions during the term of their respective agreement and for a period of 12 months thereafter, and confidentiality provisions.

If the Company terminates or declines to renew the Executive Employment Agreement with the applicable Named Executive Officer less than 12 months after a Change of Control (as defined below), or if the Named Executive Officer determines to resign from his engagement with the Company during the first 12 months following a Change of Control of the Company, the Company is required to pay to the applicable Named Executive Officer listed below a lump sum of money equal to the amount set opposite his name:

Sandy Chim – 36 months of base salary at the time of termination, plus all cash bonuses paid in the 12 months prior to the termination or resignation

Ivan Wong – 24 months of base salary, plus an amount equal to all cash bonuses paid in the 24 months prior to the termination or resignation

Rebecca Ng – 24 months of base salary, plus an amount equal to all cash bonuses paid in the 24 months prior to the termination or resignation

Under the Executive Employment Agreements, a “**Change of Control**” shall have occurred if:

- a) there is any sale of all or substantially all of the Company’s assets or business to another person or persons pursuant to one or a series of transactions;
- b) at any time any person or persons, other than the current control persons of the Company, acting jointly or in concert directly or indirectly acquire beneficial ownership of an aggregate of more than 30% of the outstanding voting securities of the Company;
- c) a majority of the Board consists of individuals which management of the Company has not nominated for election or appointment as directors; or
- d) the Company completes an acquisition, share exchange, amalgamation, consolidation, merger, arrangement or other business combination and the shareholders of the Company immediately prior to the completion of such transaction hold in the aggregate less than 60% of the votes attaching to the equity securities of the resulting or remaining parent company immediately after completion of such transaction.

The estimated incremental payments from the Company to each applicable Named Executive Officer upon a Change of Control, assuming the triggering event occurred on March 31, 2016, are as follows:

## **SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS**

### **Equity Incentive Plan**

The Company’s equity incentive plan (the “**Equity Incentive Plan**”) was approved by shareholders of the Company at the annual and special meeting of shareholders held on September 26, 2013. The purpose of the Equity Incentive Plan is:

- (a) to provide directors, officers and consultants of the Company with an opportunity to purchase or own ordinary shares of the Company; and
- (b) to permit the Company to grant other types of equity-based compensation to directors, officers and consultants of the Company, such as performance share units and restricted share units (where compensation is awarded based on the achievement of performance milestones or duration of service and, when earned, could be paid in shares or cash), restricted or performance shares (*i.e.* shares that are subject to vesting conditions) and share appreciation rights (where compensation could be payable in cash or shares based on the appreciation in the value of the Company’s ordinary shares).

These grants or awards of equity-based compensation are intended to provide an increased incentive for the recipients of the grants or awards to contribute to the future success of the Company in a manner that enhances the value of the ordinary shares. These grants and awards are also meant to increase the ability of the Company to attract, motivate and retain qualified individuals.

The Equity Incentive Plan is administered by the Compensation Committee in conjunction with management. The Compensation Committee is responsible for recommending for approval to the Board the number of ordinary shares subject to each grant within the guidelines established by the TSX.

The version of the Equity Incentive Plan that shareholders are now asked to reapprove is essentially the same as the one was approved at the September 26, 2013 shareholder meeting, except that the Insider Participation Limit (as defined below) has been reintroduced to the plan. Also, since September 26, 2013, the Equity Incentive Plan was slightly modified to reflect that the Company’s name was changed in 2015 and the Company’s organization and existence were continued under the Cayman Islands Companies Law in 2016. These amendments were implemented

without shareholder approval as permitted under the terms of the plan.

The following is a summary of the material terms of the Equity Incentive Plan:

**Number of Securities Issuable.** A maximum of 15% of the Company's issued and outstanding ordinary shares at the time the shares are reserved for issuance, less any ordinary shares reserved for issuance under other share compensation arrangements, may be reserved for issuance under the Equity Incentive Plan. As of the date of this Information Circular, there are 11,780,000 share options outstanding (11,820,000 at March 31, 2016) exercisable for the same number of ordinary shares), corresponding to 11.9% of the Company's issued and outstanding ordinary shares (12.0% at March 31, 2016). In addition, as of the date of this Information Circular, the Company has awarded performance share units and restricted share units under the Equity Incentive Plan which could result in a total of 1,346,500 ordinary shares (1,377,371 at March 31, 2016) being issued in settlement of those units if they are fully earned and settled solely with ordinary shares of the Company, or 1.4% of the Company's issued and outstanding ordinary shares (1.4% of the Company's issued and outstanding ordinary shares at March 31, 2016). In total, as of the date of this Information Circular a total of 13,126,500 ordinary shares (13,193,371 at March 31, 2016) could be issued in respect of share options and share units that are outstanding under the Equity Incentive Plan, corresponding to 13.3% of the Company's issued and outstanding ordinary shares (13.4% at March 31, 2016).

**Insider Participation Limit.** Notwithstanding anything else provided under the Equity Incentive Plan:

- the number of ordinary shares that may be issuable at any time to insiders under the Equity Incentive Plan and under any other equity-based arrangements of the Company; and
- the number of ordinary shares issued to insiders of the Company under the Equity Incentive Plan and under any other equity-based compensation arrangements of the Company during any one year period;

may not exceed 10% of the Company's issued and outstanding shares.

**Eligible Persons.** "Service Providers" are eligible to receive grants of share-based awards and share options under the Equity Incentive Plan. "Service Providers" are bona fide directors, officers, employees, management company employees and consultants and also include a company of which 100% of the share capital is beneficially owned by one or more individual Service Providers.

**Exercise Price.** During such time as the ordinary shares of the Company are listed on the TSX, the exercise price of options granted under the plan will be the greater of the closing price for the Company's ordinary shares on the TSX on the last trading day before the date of grant of the option and the weighted average of the trading prices for the ordinary shares on the five trading days before the date of grant of the option. For the share awards, upon vesting, the party to whom a share unit was granted is entitled to receive either the corresponding ordinary share, or a cash payment corresponding to the fair value of the ordinary share determined by the Board at the time of vesting.

**Vesting.** Vesting of stock options and shares awards granted under the plan will be based on duration of services and/or satisfaction of performance conditions and subject to the discretion of the Board. On a change of control or takeover bid, if provided for in the optionee's or grantee's employment agreement, the options or share awards will fully vest and in all other cases may fully vest at the discretion of the Board. For the purposes of the Equity Incentive Plan, a change of control occurs in the circumstances set out in the optionee's or grantee's employment agreement or, if not defined in the applicable employment agreement, on the acquisition of a number of the voting securities of the Company, which, including all the other voting securities of the Company held by the acquirer, results in such entity holding for the first time at least 30% of the outstanding voting securities of the Company.

**Termination of Exercise Right for Share Options.** No option may be exercised after an optionee has left the employment or service of the Company except as follows:

- in the event of an optionee's death, any vested option held by the optionee at the date of death will be exercisable by the optionee's lawful personal representatives, heirs or executors until the earlier of 12 months after the date of death and the date of expiration of the term otherwise applicable to such option; and
- if and to the extent provided in the optionee's employment agreement.

Generally speaking, vested options will expire 90 days after the date the optionee ceases to be employed by, provide services to, or be a director or officer of, the Company, and any unvested options shall immediately terminate. In addition, if an optionee is dismissed for cause, such optionee's options, whether or not they are vested at the date of dismissal, will immediately be terminated.

**Termination of Exercise Right for Share Awards.** No award may be exercised after a grantee has left the employment or service of the Company except as follows:

- in the event of an grantee's death, any vested awards held by the grantee at the date of death will be exercisable by the grantee's lawful personal representatives, heirs or executors until the earlier of 6 months after the date of death and the date of expiration of the term otherwise applicable to such award; and
- in the event of retirement from employment with or service to the Company or in the case of the Company terminating the grantee's employment or other service to the Company without cause, the Company will require to make payment in cash or the ordinary shares in respect to any vested awards held by the grantee at the date of retirement or termination; and
- if and to the extent provided in the grantee's and employment agreement.

If a grantee is dismissed for cause, such grantee's options, whether or not they are vested at the date of dismissal, will immediately be terminated.

**Terms.** Share-based awards and share option awards granted under the Equity Incentive Plan will have a maximum term of 10 years from their date of grant.

**Extension of Expiry Period.** If a share option or share award which has been previously granted is set to expire during a period in which trading in securities of the Company by the option holder is restricted by a black-out, or within 9 business days of the expiry of a black-out, the expiry date of the option will be extended to 10 business days after the trading restrictions are lifted.

“**Share Appreciation Right**” means a right that entitles a Participant to receive payment, in cash or securities of the Company, equal to the appreciation in value of the corresponding number of Shares over a certain period of time, provided that all vesting and other conditions to payment have been satisfied, with the Participant not being required to purchase the underlying Shares, it being understood that (a) the appreciation in value will be calculated as the difference between the Fair Market Value of the corresponding number of Shares on the date of payment (or on such other date as the Board may have specified when granting the SAR as being the date for determining the value of the SAR for payment purposes) and the Fair Market Value of the same number of Shares at the time the SAR was granted (or on such other date, not earlier than the date when the SAR was granted, as the Board may have specified as being the date for determining the starting value of Shares for purposes of the SAR) and (b) if payment of the SAR is made in Shares of the Company, the number of Shares to be delivered will be determined by dividing the amount due to be paid by the Fair Market Value of Shares when payment is made;

“**Share Compensation Arrangement**” means any Option or Other Equity Award granted or issued under this Plan but also includes (a) any individual stock option, (b) any stock option plan, (c) any employee stock purchase plan or (d) any other compensation or incentive mechanism involving the issuance or potential issuance of Shares to a Participant;

## ARTICLE 2 SCOPE OF PLAN

### Establishment of Stock Option Plan

2.1 This Plan is hereby established to allow, among other things, the granting or issuance of stock options to recognize contributions made by Participants to the Company, and to thereby create an incentive for the continuing

assistance of such Service Providers to the Company and its affiliates.

### **Maximum Number of Plan Shares**

2.2 The maximum aggregate number of Plan Shares that may be issued and reserved for issuance under this Plan in respect of Options and Other Equity Awards at any point in time is 15% of the Outstanding Shares, less any Shares reserved for issuance under Share Compensation Arrangements other than this Plan, unless and until this Plan is amended pursuant to the requirements of the TSX Policies.

### **Insider Participation Limit**

2.3 Notwithstanding anything else provided herein:

- (a) the number of Shares that may be issuable at any time to Insiders under this Plan and under any other Share Compensation Arrangements of the Company; and
- (b) the number of Shares issued to Insiders under this Plan and under any other Share Compensation Arrangements of the Company during any one year period;

may not exceed 10% of the Outstanding Shares.

## **ARTICLE 3 STOCK OPTIONS**

### **Eligibility**

3.1 Options to purchase Shares may be granted by the Board under this Plan to Service Providers from time to time. Service Providers that are corporate entities will be required to undertake in writing not to effect or permit any transfer of ownership or option of any of its shares, nor issue more of its shares so as to indirectly transfer the benefits of an Option, as long as such Option remains outstanding, unless the written permission of the TSX and the Company is obtained.

### **Options Granted Under this Plan**

3.2 All Options granted under this Plan will be evidenced by an Option Commitment in the form attached as Schedule A, showing the number of Optioned Shares, the term of the Option, a reference to vesting terms, if any, and the Exercise Price.

3.3 Subject to specific variations approved in accordance with this Plan, all terms and conditions set out herein will be deemed to be incorporated into and form part of an Option Commitment made hereunder.

### **Options Not Exercised**

3.4 In the event an Option granted under this Plan expires unexercised or is terminated by reason of dismissal of the Optionee for cause or is otherwise lawfully cancelled prior to exercise of the Option, the Optioned Shares that were issuable thereunder will be returned to this Plan and will be eligible for re-issue. For greater certainty Options which are exercised thereupon increase the number available to this Plan by the relevant percentage of Outstanding Shares as provided hereunder.

### **Exercise Price**

3.5 The Exercise Price of an Option will be determined by the Board in its discretion but will in no event be less than:

- (a) the greater of the closing price for the Shares on the TSX on the last trading day before the date of grant of the Option and the weighted average of the trading prices for the Shares on the five trading days before the date of grant of the Option; or
- (b) if not listed on the TSX but listed on any other stock exchange, then as calculated in paragraph (a) above by reference to the price on the other stock exchange on which the Shares are listed (if more than one, then using the exchange on which a majority of Shares are traded).

### **Term of Option**

3.6 The term of each Option will be determined by the Board in its discretion, provided that no Option shall be exercisable for a term expiring after the date that is 10 years from the Effective Date, subject to section 3.11.

### **Vesting of Options**

3.7 Vesting of Options shall be in accordance with the vesting and exercise provisions provided in the Participant's Employment Agreement, if any, failing which, the vesting of Options shall be as determined in the discretion of the Board.

3.8 Notwithstanding section 3.7, in the event of a Change of Control or Take Over Bid, in the case of a particular Optionee, the Options held by that Optionee may be exercised by the Optionee in full or in part at any time before the applicable vesting period(s) for those Options:

- (a) if and to the extent provided in the Optionee's Employment Agreement; and
- (b) subject to (a), at the discretion of the Board.

### **Optionee Ceasing to be Director, Employee or Service Provider**

3.9 No Option may be exercised after the Optionee has ceased to be a Service Provider, except as follows:

- (a) notwithstanding any other provision of this section 3.9, if and to the extent provided in the Optionee's Employment Agreement;
- (b) in the case of the death of an Optionee, any vested Option held by him at the date of death will become exercisable by the Optionee's lawful personal representatives, heirs or executors until the earlier of one year after the date of death of such Optionee and the Expiry Date of such Option;
- (c) subject to the other provisions of this section 3.9, including the proviso below, vested Options shall expire on the earlier of the Expiry Date of such Option or the date that is 90 days after the date the Optionee ceases to be employed by, provide services to, or be a Director or Officer of, the Company or an Affiliate of the Company, and all unvested Options shall immediately terminate without right to exercise same; and
- (d) in the case of an Optionee being dismissed from employment or service for cause, such Optionee's Options, whether or not vested at the date of dismissal will immediately terminate without right to exercise same, but provided that in no event may the term of the Option exceed 10 years.

Notwithstanding the provisions of paragraph (c), the Board may provide for the vesting of all or any part of the Optionee's Options that are unvested at the date the Optionee ceases to be employed by, provide services to, or be a Director or Officer of, the Company or an Affiliate, and may extend the time period for exercise of an Option to a maximum of the original term of the Option, all as the Board deems appropriate in the circumstances contemplated by paragraph (c).

### **Non Assignable**

3.10 Subject to section 3.9(b), all Options will be exercisable only by the Optionee to whom they are granted and will not be assignable or transferable.

### **Adjustment of Options Expiring During Blackout Period**

3.11 Should the Expiry Date for an Option fall within a Blackout Period, or within nine (9) Business Days following the expiration of a Blackout Period, such Expiry Date shall be automatically adjusted without any further act or formality to that day which is the tenth (10<sup>th</sup>) Business Day after the end of the Blackout Period, such tenth Business Day to be considered the Expiry Date for such Option for all purposes under this Plan. Notwithstanding any other provision of this Plan, the ten Business Day period referred to in this section 3.11 may not be extended by the Board.

### **Option Commitment**

3.12 Upon grant of an Option hereunder, an authorized officer of the Company will deliver to the Optionee an Option Commitment detailing the terms of such Options and upon such delivery the Optionee will be subject to this Plan and have the right to purchase the Optioned Shares at the Exercise Price set out therein subject to the terms and conditions hereof.

### **Manner of Exercise**

3.13 An Optionee who wishes to exercise his Option may do so by delivering:

- (a) a written notice to the Company specifying the number of Optioned Shares being acquired pursuant to the Option; and

(b) cash or a certified cheque payable to the Company for the aggregate Exercise Price for the Optioned Shares being acquired and the aggregate of any amount required by law to be withheld by the Company on the exercise of such Option, or separate certified cheques for such Exercise Price and such amount to be withheld. Notwithstanding anything else contained in this Plan, the Company may, from time to time, implement such other procedures and conditions as it determines appropriate with respect to the payment, funding or withholding of amounts required by law to be withheld on the exercise of Options under this Plan.

#### **Delivery of Certificate and Hold Periods**

3.14 As soon as practicable after receipt of the notice of exercise described in section 3.13 and payment in full for the Optioned Shares being acquired, the Company will direct its transfer agent to issue a certificate to the Optionee for the appropriate number of Optioned Shares. Such certificate issued will bear a legend stipulating any resale restrictions required under applicable securities laws.

### **ARTICLE 4**

#### **OTHER EQUITY AWARDS**

##### **Purpose and Grants of Other Equity Awards**

4.1 Under this Plan, the Board may grant Other Equity Awards to any Service Provider, subject to applicable laws.

4.2 The Board shall determine the type and number of Other Equity Awards that such Service Provider is entitled to receive, the term of such Other Equity Awards and the vesting conditions, if applicable, of such Other Equity Awards.

##### **Terms and Conditions**

4.3 Each Other Equity Award granted to a Service Provider shall be governed by the this Plan and shall be evidenced by an Other Equity Award Agreement setting out the terms and conditions governing the Other Equity Award (in addition to the terms and conditions of this Plan), which terms and conditions as reflected in the Other Equity Award Agreement need not be the same in each case and which terms and conditions may be changed from time to time by the Board in accordance with applicable laws. The term of any Other Equity Award shall be for a maximum of ten (10) years from the date the Other Equity Award is granted.

##### **Performance Share Units**

4.4 The Board may grant Other Equity Awards of Performance Share Units to Service Providers, in all cases in such amounts and subject to such vesting and other terms and conditions as the Board shall determine in its discretion, subject to this Plan and applicable laws. The conditions applicable to PSUs can include, among other things, conditions as to performance, milestones that must be achieved in order for the corresponding PSUs to vest, other internal or external conditions that must be satisfied in order for the PSUs to vest, or as to the length of time during which a Participant must be employed by, or otherwise provide services to, the Company in order for vesting to occur. A PSU will not entitle its holder to voting or other rights appurtenant to Shares. Except as may otherwise be set forth in the corresponding Other Equity Award Agreement, if and when dividends are declared and paid upon the Shares at any time prior to vesting of a PSU, no adjustment shall be made to the PSU or its value. The Board shall also determine in its sole discretion whether payment under PSUs will be made in Shares, cash, securities or other property, or a combination thereof, and for greater clarity the Board shall be authorized to make such a determination at any time before or after vesting, until payment is actually made. When the conditions for vesting and payment, if any, applicable to a PSU have been satisfied, the holder of the PSU shall be entitled to receive the corresponding number of Shares, the cash value of the corresponding number of Shares at that time, other securities of the Company or other property, as the case may be. Unless otherwise specified in the applicable Other Equity Award Agreement for a PSU, the cash value of Shares referred to in the preceding sentence shall be the Fair Market Value of Shares on a date determined by the Board in good faith, such date to be no earlier than the date when all pre-conditions to payment of or in respect of the PSU have been satisfied. It is a condition of this Plan that a Service Provider who is granted a PSU will have only the rights of a general unsecured creditor of the Company until payment of Shares, cash or other securities or property is made upon the PSU as specified in the applicable Other Equity Award Agreement.

##### **Restricted Share Units**

4.5 The Board may grant Other Equity Awards of Restricted Share Units to Service Providers, in all cases in such amounts and subject to such vesting and other terms and conditions as the Board shall determine in its discretion, subject to this Plan and applicable laws. The conditions applicable to RSUs shall relate to the length of time during

which a Participant must be employed by, or otherwise provide services to, the Company in order for vesting to occur. A RSU will not entitle its holder to voting or other rights appurtenant to Shares. Except as may otherwise be set forth in the corresponding Other Equity Award Agreement, if and when dividends are declared and paid upon the Shares at any time prior to vesting of a RSU, no adjustment shall be made to the RSU or its value. The Board shall also determine in its sole discretion whether payment under RSUs will be made in Shares, cash, securities or other property, or a combination thereof, and for greater clarity the Board shall be authorized to make such a determination at any time before or after vesting, until payment is actually made. When the conditions for vesting and payment, if any, applicable to a RSU have been satisfied, the holder of the RSU shall be entitled to receive the corresponding number of Shares, the cash value of the corresponding number of Shares at that time, other securities of the Company or other property, as the case may be. Unless otherwise specified in the applicable Other Equity Award Agreement for a RSU, the cash value of Shares referred to in the preceding sentence shall be the Fair Market Value of Shares on a date determined by the Board in good faith, such date to be no earlier than the date when all pre-conditions to payment of or in respect of a RSU have been satisfied. It is a condition of this Plan that a Service Provider who is granted a RSU will have only the rights of a general unsecured creditor of the Company until payment of Shares, cash or other securities or property is made upon the RSU as specified in the applicable Other Equity Award Agreement.

#### **Other Equity-Based Awards**

4.6 The Board may grant other types of equity-based or equity-related Other Equity Awards to Service Providers (including the grant of restricted or performance shares that are subject to vesting conditions (*i.e.* shares the ownership of which vests in the holder based on conditions such as those applicable to RSUs and PSUs, as the case may be) and SARs) in such amounts and subject to such terms and conditions as the Board shall in its discretion determine. Without limiting the foregoing, the Board may also issue any Other Equity Award that is a combination of any of the types of Other Equity Awards specified in sections 4.4 and 4.5 of this Plan. Such Other Equity Awards may entail the transfer of actual Shares to Participants, or payment in cash or otherwise of amounts based on the value of Shares, and may include, without limitation, Other Equity Awards designed to comply with or take advantage of applicable local laws of foreign jurisdictions.

#### **Reservation of Shares from Plan Shares**

4.7 If payment upon any Other Equity Award granted under this Article 4 may be made in Shares, then at the time of grant the Board shall (a) determine or estimate the number of Shares that may be issued in payment of such Other Equity Award upon its payment by the Company and then (b) reserve and allot from the Plan Shares the corresponding number of Shares, and (c) from time to time while the Other Equity Award remains outstanding and unvested the Board shall be authorized to adjust the number of Shares so reserved and allotted to reflect changes in the number of Shares issuable thereunder, in all cases subject to applicable laws and TSX Policies.

#### **Transfer and Assignment**

4.8 No Other Equity Award granted under this Plan may be sold, exchanged, transferred, assigned, pledged, hypothecated or otherwise disposed of (including through the use of any cash-settled instrument) other than by will or by the laws of descent and distribution in accordance with section 4.13(b), and all such Other Equity Awards and rights shall be exercisable during the life of the grantee only by the grantee or the grantee's legal representative. Notwithstanding the immediately preceding sentence, the Board may permit, under such terms and conditions that it deems appropriate in its sole discretion, a grantee to transfer any Other Equity Award to any Service Provider that the Board so determines.

#### **Other Equity Awards Granted Under this Plan**

4.9 All Other Equity Awards granted under this Plan will be evidenced by an Other Equity Award Agreement in the form approved from time to time by the Board, setting forth the terms and conditions applicable to the corresponding Other Equity Award.

4.10 Subject to specific variations approved in accordance with this Plan, all terms and conditions set out herein will be deemed to be incorporated into and form part of an Other Equity Award Agreement made hereunder.

#### **Vesting of Other Equity Awards**

4.11 Vesting of Other Equity Awards shall be in accordance with the vesting and exercise provisions provided in the Participant's Employment Agreement, if any, or Other Equity Award Agreement, failing which the vesting of Other Equity Awards shall be as determined in the discretion of the Board.

4.12 Notwithstanding section 4.11, in the event of a Change of Control or Take Over Bid, Other Equity Awards shall vest in full or in part at any time before the applicable vesting period(s):

- (a) for each Participant, if and to the extent provided in his, her or its Employment Agreement or Other Equity Award Agreement; and
- (b) subject to (a), at the discretion of the Board.

#### **Holder of Other Equity Award Ceasing to be Director, Employee or Service Provider**

4.13 Except as described in sub-paragraphs (a) and (b) below and subject to applicable laws and the TSX Policies, for any Other Equity Award held by a Participant, and any right to payment in respect thereof, that has not vested such Other Equity Award and right will be forfeited on the date the Participant ceases to be a Service Provider. The circumstances under which a Participant shall not forfeit his, her or its Other Equity Awards upon termination of service to the Company are as follows:

- (a) notwithstanding any other provision of this section 4.13, if and to the extent provided in the Participant's Employment Agreement or Other Equity Award Agreement, or as determined in accordance with policies of the Board adopted with respect to the administration of this Plan and Other Equity Awards granted hereunder; and
- (b) in the case of the death or disability of the Participant, or the Participant's retirement from employment with or service to the Company, and in the case of the Company terminating the Participant's employment or other service to the Company without cause, (i) the Company will be required to make payment (in cash, securities or other form of property, or any combination thereof, as determined in accordance with this Plan) in respect of any vested Other Equity Award held by the Participant at the date of death, disability, retirement or termination, as the case may be, to the Participant or, in the case of the Participant's death to that Participant's lawful personal representatives, heirs or executors, within six months of the date of death and (ii) with respect to any Other Equity Awards for which vesting depends on the Participant providing services to the Company for a specified period (the "**Vesting Period**"), then a *pro rata* portion of the Other Equity Awards will vest immediately prior to the termination of the Participant's service to the Company based on the percentage of the Vesting Period during which the Participant actually served the Company, and the Company will be required to make payment in respect of the Other Equity Awards so vested to the Participant or, in the case of the Participant's death, to that Participant's lawful personal representatives, heirs or executors, within six months of the date of death.

Notwithstanding the foregoing, the Board may provide for the vesting of all or any part of the Participant's Other Equity Awards that are unvested at the date the Participant ceases to be employed by, provide services to, or be a Director or Officer of, the Company or an Affiliate of the Company, all as the Board deems appropriate in the circumstances.

#### **Unvested Other Equity Awards**

4.14 In the event an Other Equity Award granted under this Plan expires prior to vesting and payment, is forfeited or otherwise:

- (a) is terminated by reason of dismissal of the applicable Participant for cause; or
- (b) is otherwise lawfully cancelled prior to vesting or payment;

the number of Shares that were issuable or reserved for issuance thereunder will be returned to this Plan and will be eligible for re-issue. For greater certainty, Shares issued in payment or other settlement of Other Equity Awards thereupon increase the number available to the issuance under this Plan by the relevant percentage of Outstanding Shares as provided hereunder.

#### **Other Equity Award Agreement**

4.15 Promptly following the grant of an Other Equity Award hereunder, an authorized officer of the Company will deliver to the applicable Participant an Other Equity Award Agreement detailing the terms of the applicable Other Equity Award(s).

#### **Adjustment of Payment on Other Equity Awards During Blackout Period**

4.16 Should the vesting, payment or other settlement date for an Other Equity Award fall within a Blackout Period, or within nine (9) Business Days following the expiration of a Blackout Period, such date shall be automatically adjusted without any further act or formality to that day which is the tenth (10<sup>th</sup>) Business Day after the end of the Blackout Period, such tenth Business Day to be considered the vesting, payment or other settlement date for all purposes under the applicable Other Equity Awards. Notwithstanding any other provision of this Plan, the ten

Business Day period referred to in this section 4.16 may not be extended by the Board.

## **ARTICLE 5**

### **ADMINISTRATION OF PLAN; AMENDMENTS TO PLAN AND TO SECURITIES ISSUED UNDER PLAN**

#### **Regulatory Approval**

5.3 This Plan shall be subject to the approval of any regulatory authority whose approval is required. Any Options or Other Equity Awards granted under this Plan prior to such approvals being given shall be conditional upon such approvals being given, and no such Options or Other Equity Awards may be exercised unless and until such approvals are given.

#### **Compliance with Legislation**

5.4 The Company will not be required to issue any Shares under this Plan unless such issuance is in compliance with all applicable laws, regulations, rules, orders of governmental or regulatory authorities and the requirements of any stock exchange upon which Shares of the Company are listed. The Company will not in any event be obligated to take any action to comply with any such laws, regulations, rules, orders or requirements.

#### **Adjustment of the Number of Options and Other Equity Awards**

5.5 If there is (i) a change in the outstanding Shares by reason of any share consolidation, split, reclassification or other capital reorganization, or a stock dividend, arrangement, amalgamation, merger or combination, or any other change to or event affecting the Shares, or (ii) any exchange of or corporate change or transaction affecting the Shares, the Board shall make, as it shall deem advisable and subject to requisite Regulatory Approval, appropriate substitution and/or adjustment in:

- (a) the number and kind of shares or other securities or property reserved or to be allotted for issuance pursuant to this Plan;
- (b) the number and kind of shares or other securities or property reserved or to be allotted for issuance pursuant to (i) any outstanding unexercised Options, and in the exercise price for such shares or other securities or property or (ii) the vesting or form and manner of settlement of any outstanding Other Equity Awards, or to any other terms and conditions of such Other Equity Awards as are deemed appropriate by the Board, in its full and absolute discretion, in the circumstances; and/or
- (c) the vesting of any Options or Other Equity Awards, including the accelerated vesting thereof on conditions the Board deems advisable, and if the Company undertakes an arrangement or is amalgamated, merged or combined with another corporation, the Board shall make such provision for the protection of the rights of Participants as it shall deem advisable including in order to comply with the terms of the relevant Participant's Employment Agreement, if any, or any other terms and conditions of the Participant's Employment, the applicable Options or the applicable Other Equity Awards.

## **Amendments Generally**

5.6 The Board may, without shareholder approval, at any time and from time to time, amend, suspend, terminate or discontinue this Plan or any Option or Other Equity Award granted hereunder, or revoke or alter any action taken pursuant to this Plan or any Option or Other Equity Award granted hereunder, except that no amendment, suspension, termination or discontinuance of this Plan will adversely alter or impair any Option or Other Equity Award granted hereunder without the written consent of the applicable Participant and is subject to those provisions of applicable laws (including, without limitation, the TSX Policies), if any, that require the approval of shareholders or any governmental or regulatory body.

## **Amendments by Board**

5.7 Without limiting the generality of section 5.6, the Board may make the following types of amendments to this Plan without seeking Shareholder Approval:

- (f) the addition of any form of financial assistance by the Company for the acquisition by all or certain categories of Participants of Shares under this Plan, and the subsequent amendment of any such provision which is more favourable to Participants;
- (g) the addition or modification of a cashless exercise feature, payable in cash or Shares, which provides for a full deduction of the number of underlying Shares from this Plan reserve;

5.9 Where Shareholder Approval is sought for amendments under section 5.8(b) or section 5.8(c) above, the votes attached to Shares held directly or indirectly by Insiders benefiting from the amendment will be excluded. In the event of any conflict between sections 5.7 and 5.8 above, the latter shall prevail to the extent of any conflict.

#### **Amendment Subject to Approval**

5.10 If the amendment of an Option or Other Equity Award requires Regulatory Approval or Shareholder Approval, such amendment may be made prior to such approvals being given, but no such amended Option or Other Equity Award may be exercised unless and until such approvals are given.

### **ARTICLE 6**

#### **GENERAL**

#### **Employment and Services**

6.1 Nothing contained in this Plan will confer upon or imply in favour of any Service Provider any right with respect to office, employment or provision of services with the Company, or interfere in any way with the right of the Company to lawfully terminate the Service Provider's office, employment or service with or to the Company at any time pursuant to the arrangements pertaining to same. Participation in this Plan by a Service Provider will be voluntary.

#### **No Representation or Warranty**

6.2 The Company makes no representation or warranty as to the future market value of Shares (which for clarity shall include for the purposes of this section 6.2 other classes or kinds of securities issued in place of Shares pursuant to this Plan) issued in accordance with the provisions of this Plan or to the effect of the *Income Tax Act* (Canada) or any other taxing statute governing the Options or the Shares issuable thereunder or the tax consequences to a Participant. Compliance with applicable securities laws as to the disclosure and resale obligations of each Participant is the responsibility of such Participant and not the Company.

#### **Interpretation**

6.3 The Plan will be governed and construed in accordance with the laws of the Province of Ontario.

#### **Amendment and Restatement and Effective Date of Plan**

6.4 This Plan will be effective on the date upon which it is reapproved by the shareholders of the Company in accordance with TSX Policies and applicable laws, provided that all validly outstanding options granted under the Original Plan and existing at the time when this Plan comes into effect will continue to be in full force and effect and will be counted for the purposes of calculating what may be issued under this Plan.
