INFORMATION CIRCULAR

(unless otherwise specified, information is as of August 11, 2023)

This Information Circular is furnished in connection with the solicitation of proxies by the management of Century Global Commodities Corporation (the “**Company**”) for use at the annual general meeting (the “**Meeting**”) of the Company (and any adjournment thereof) to be held on September 20, 2023 at the time and place and for the purposes set forth in the accompanying Notice of Annual General Meeting of Shareholders.

In this Information Circular, references to the “**Company**”, “**we**” and “**our**” refer to the Company. “**Shares**” mean ordinary shares in the share capital of the Company. “**Beneficial Shareholders**” means shareholders who do not hold shares in their own names and “**intermediaries**” refers to brokers, investment firms, clearing houses and similar entities that own securities on behalf of Beneficial Shareholders.

The Board of Directors of the Company (the “**Board**”) has approved the contents and the sending of this Information Circular. All dollar amounts referred to herein are expressed in Canadian dollars unless otherwise indicated.

GENERAL PROXY INFORMATION

Solicitation of Proxies

The solicitation of proxies will be primarily by mail, but proxies may be solicited personally or by telephone by directors, officers and regular employees of the Company. The Company will bear all costs of this solicitation. We have arranged for intermediaries to forward the meeting materials to Beneficial Shareholders whose shares are held as of record by those intermediaries and will reimburse the intermediaries for their reasonable fees and disbursements in that regard.

Appointment of Proxyholders

Sandy Chim and Bonnie Leung, the individuals named in the accompanying form of proxy (the “**Proxy**”) as proxyholders, are respectively the President & CEO and CFO & Co-Secretary of the Company. **If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person or company other than either of the persons designated in the Proxy, who need not be a shareholder, to attend and act for you on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided in the Proxy or by completing and delivering another suitable form of proxy.**

Voting by Proxyholder

The persons named in the Proxy as proxy holders will vote for, against or abstain from voting the shares represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your shares will be voted accordingly. The Proxy confers discretionary authority on persons named therein with respect to:

- a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors;
- b) any amendment to or variation of any matter identified therein; and
- c) any other matter that properly comes before the Meeting.

In respect of a matter for which a choice is not specified in the Proxy, the persons named in the Proxy will vote the shares represented by the Proxy in favor of each matter identified on the Proxy and for the nominees of management for directors and auditors as identified in the Proxy, as applicable.

Registered Shareholders

If you are a registered shareholder, you are encouraged to vote by proxy whether or not you attend the Meeting in person. If you submit a proxy, you must complete, date and sign the Proxy and return it to the Company's transfer agent, TSX Trust Company ("TSX Trust") by the deadline specified in the Proxy. Registered shareholders who elect to submit a Proxy may do so online at www.voteproxyonline.com by entering the control number printed on the form of proxy, by fax at 1-416-595-9593, or by mail to 100 Adelaide St. W, Suite 301, Toronto, Ontario, Canada, M5H 4H1, in all cases in accordance with the instructions provided by TSX Trust in the enclosed proxy materials and ensuring that the Proxy is received at least 48 hours (excluding Saturdays, Sundays and holidays) before the Meeting or any adjournment thereof at which the Proxy is to be used.

Each registered shareholder can appoint any person (who need not be a registered shareholder or even a Beneficial Shareholder of the Company), other than any of the persons designated in the Proxy, to represent that registered shareholder's shares at the Meeting, and that person may even be the registered shareholder representing himself, herself or itself. To exercise this right, a registered shareholder must insert the name of the person who is to be appointed as her, his or its representative (which may be that registered shareholder) in the blank space provided in the Proxy that will be provided for the Meeting.

Beneficial Shareholders

The information in this section is of significant importance to shareholders who do not hold shares registered in their own name. Beneficial Shareholders should note that the only proxies that can be recognized and acted upon at the Meeting are those deposited by registered shareholders (those whose names appear on the register of members of the Company as the registered holders of shares) or the persons they appoint as their proxyholders, or as set out in the following disclosure.

If shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those shares will not be registered in the shareholder's name on the register of members of the Company. Those shares will more likely be registered under the names of an intermediary such as the shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms), and in the United States, under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks).

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

There are two kinds of Beneficial Shareholders: those who object to their name being made known to the issuers of securities which they own (referred to as "OBOs" or "Objecting Beneficial Owners") and those who do not object to the issuers of the securities they own knowing who they are (referred to as "NOBOs" or "Non-Objecting Beneficial Owners").

NOBOs – Non-Objecting Beneficial Owners

The Company is taking advantage of provisions of National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* of the Canadian Securities Administrators permitting the Company to deliver proxy-related materials directly to its NOBOs. As a result, NOBOs can expect to receive a Voting Instruction Form ("VIF") from TSX Trust. NOBOs should complete and return these VIFs in accordance with the instructions provided by TSX Trust on the VIF. Those instructions will include options for submitting VIFs by mail, by fax at 1-

416-595-9593 or online at www.voteproxyonline.com by entering the control number printed on the VIF. TSX Trust will tabulate the results of the VIFs received from NOBOs and will provide appropriate instructions at the Meeting as to the instructions provided by NOBOs on their VIFs. However, notwithstanding that these instructions from NOBOs are being tabulated by TSX Trust and relayed at the Meeting, NOBOs and their intermediaries should note that only registered shareholders or their duly appointed representatives are entitled to vote at and be present at the Meeting, and the instructions provided by NOBOs through VIFs must nonetheless be transmitted to the Company through Proxies or other proper instruments from registered shareholders such as the intermediaries of those NOBOs.

This Information Circular, with related materials, is being sent to both registered and non-registered owners of the shares of the Company. For any shareholder who is a NOBO, if the Company or its agent has sent the Meeting materials directly to that shareholder, the shareholder's name and address, as well as the information about Company shares held by NOBO, has been obtained in accordance with applicable securities rules from the intermediary who holds those shares on behalf of the NOBO.

Each NOBO can appoint a person (who need not be a Beneficial Shareholder of the Company), other than any of the persons designated in the VIF, to represent that NOBO's shares at the Meeting, and that person may even be the Beneficial Shareholder representing himself, herself or itself. To do so, a NOBO must insert the name of the person who is appointed as her, his or its representative (which may be that NOBO) in the blank space provided in the VIF.

By choosing to send these materials to NOBOs directly, the Company (and not the intermediary holding shares on behalf of a NOBO) has assumed responsibility for (i) delivering Meeting materials to each NOBO, and (ii) executing the NOBO's proper voting instructions.

OBOs – Objecting Beneficial Owners

The VIF that will be supplied to OBOs by their brokers will be similar to the Proxy provided to registered shareholders by the Company, and to the VIF provided to NOBOs. However, its purpose is limited to instructing the intermediary how to vote the shares of an OBO.

The Company cannot directly or through an agent send Meeting materials to OBOs, as the identity of OBOs is not known to the Company. Most brokers delegate responsibility for sending shareholder meeting materials to OBOs, and for obtaining instructions from OBOs, to Broadridge Financial Solutions, Inc. ("**Broadridge**") in Canada and in the United States. Broadridge and any other intermediary sending Meeting materials to OBOs will mail their own form of VIF in lieu of the Proxy provided by the Company. Unless duly modified by an OBO, the persons named in the VIF provided to him, her or it to represent the shares of that OBO at the Meeting will be the same as those named in the Company's Proxy to represent the registered shareholders.

To ensure that their shares are voted at the Meeting, OBOs should carefully follow the instructions of their broker or intermediary as to how to communicate their voting and related instructions with respect to their shares for the Meeting. In most cases, those instructions will provide the ability to vote by mail, by fax or online.

Normally, an OBO can appoint a person (who need not be a Beneficial Shareholder of the Company), other than any of the persons designated in the VIF, to represent that OBO's shares at the Meeting, by following the instructions provided in or with the VIF. An OBO's appointed representative may even be the Beneficial Shareholder representing himself, herself or itself. To do so, the VIFs typically provided by intermediaries to their OBOs require that the OBO insert the name of a desired representative (which may be the Beneficial Shareholder) in the blank space provided in the VIF.

Completed VIFs must be submitted in accordance with the instructions for the VIF. Those completed VIFs will then be tabulated, and appropriate instructions regarding the votes submitted by OBOs (and any appointments of parties to represent OBOs) will then be submitted for the Meeting. OBOs and their intermediaries should note that only registered shareholders or their duly appointed representatives are entitled to vote at and be present at the Meeting, and the instructions provided by OBOs through VIFs must nonetheless be transmitted to the Company through Proxies or other proper instruments from registered shareholders such as the intermediaries of those OBOs.

Notice to Shareholders in the United States

The solicitation of proxies involves securities of an issuer registered in the Cayman Islands and reporting in Canada and is being effected in accordance with the corporate laws of the Cayman Islands and securities laws of the provinces of Canada. The proxy solicitation rules under the *United States Securities Exchange Act of 1934*, as amended, are not

applicable to the Company or this solicitation, and this solicitation has not been prepared in accordance with those disclosure requirements. Shareholders should be aware that disclosure requirements under the securities laws of the provinces of Canada differ from the disclosure requirements under United States securities laws.

The enforcement by shareholders of civil liabilities under United States federal securities laws may be affected adversely by the fact that the Company is incorporated under the *Companies Law (2013 Revision) of the Cayman Islands* (“**Cayman Islands Companies Law**”), certain of its directors and its executive officers are residents of Canada and countries other than the United States, and all of the assets of the Company and a substantial portion of the assets of such persons are located outside the United States. Shareholders may not be able to sue a foreign company or its officers or directors in a foreign court for violations of United States federal securities laws. It may be difficult to compel a foreign company and its officers and directors to subject themselves to a judgment by a United States court.

Revocation of Proxies

In addition to revocation in any other manner permitted by law, a shareholder who has given a proxy may revoke it by executing a proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the shareholder or by his, her or its authorized attorney in writing, or, if the registered shareholder is a corporation, under its corporate seal by an officer or attorney duly authorized, and by delivering the proxy bearing a later date to TSX Trust at 100 Adelaide St. W, Suite 301, Toronto, Ontario, Canada M5H 4H1, or at the offices of the Company at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, the last business day that precedes any reconvening thereof, or to the chairman of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law, or by personally attend the Meeting. Such a shareholder may revoke a prior proxy by voting the registered shareholder’s shares at the Meeting.

A revocation of a proxy will not affect a matter on which a vote is taken before the revocation.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

To the best of our knowledge, except as otherwise disclosed herein, no director or executive officer of the Company, nor any person who has held such a position since the beginning of the last completed financial year of the Company, nor any proposed nominee for election as a director of the Company, nor any associate or affiliate of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted on at the Meeting other than the election of directors or the appointment of auditors, all as set out herein.

Notes:

1. Information obtained from the insider reports available under the Company's profile on SEDI at www.sedi.ca.
2. Percentage calculation was based on 118,205,485 ordinary shares of the Company outstanding as at the Record Date.
3. Purple Star Holdings Limited, which holds 24,691,628 ordinary shares, is a British Virgin Islands ("BVI") holding company of which Leung Lee CHAN, a receiver, and Bless Delight Global Investments Limited, a lender, control these shares as a result of a default by under a loan agreement for which these shares served as security. The receiver has announced that it intends to proceed to dispose of these shares, in due course, on behalf of the lender, with the proceeds to be used to repay the loan that was secured by these shares.

VOTES NECESSARY TO PASS RESOLUTIONS

The resolutions proposed in this Information Circular and any other resolutions arising from the other matters described herein must be approved by holders of a simple majority of the votes of shareholders properly cast at the Meeting, whether in person or by proxy (an "**Ordinary Resolution**").

MATTER #1 - FINANCIAL STATEMENTS

The audited consolidated financial statements of the Company for the most recently completed financial year and the report of the auditor thereon will be placed before shareholders at the Meeting for their consideration. No formal action will be taken at the Meeting to approve the financial statements. If any shareholder has questions regarding such financial statements, such questions may be brought forward at the Meeting.

MATTER #2 - NUMBER OF DIRECTORS

The Memorandum and Articles of Association of the Company (the "**Articles**") currently provide that the number of directors of the Company will be a minimum of three and a maximum of twelve. In accordance with the Articles, the Board has fixed the number of directors at nine.

MATTER #3 - ELECTION OF DIRECTORS

The Articles of the Company provide that every director of the Company shall retire from office at the Company's annual general meeting of shareholders, and the term of office of each of the current directors will therefore end at the Meeting. Unless a director's office is vacated earlier in accordance with the provisions of the Cayman Islands Companies Law or the Company's Articles, each director elected at the Meeting will commence serving on the Board at the Meeting, and she or he will hold office until the conclusion of the next annual general meeting of shareholders of the Company.

Election of Directors and Majority Voting Policy

With respect to the election at the Meeting of the nominees to the Board of Directors, the Proxy or VIF that shareholders of the Company will receive permits shareholders to vote separately “for”, “against” or “abstain” for each director nominee. To be elected as a director by the shareholders, under the Cayman Islands Companies Law and the Articles a nominee must receive a majority of the votes cast on her or his candidacy. This is consistent with the majority voting policy adopted by the TSX.

If fewer than nine directors are elected by simple majority vote of the shareholders, then following the Meeting the Board will be comprised of fewer than nine directors and the Board could then consider whether to fill the vacant seat or seats on the Board.

Shareholders should also note that in the event of a contested election, where the number of nominees for director positions exceeds the number of seats on the Board, only nominees who receive a simple majority of votes cast in favor of their election are eligible to serve on the Board (the “**Qualified Directors**”), and in accordance with the Articles those Qualified Directors who receive the greatest number of votes, in declining order, will take seats on the Board until all available seats have been filled.

Subject to applicable laws and the Articles, the voting method to be applied for purposes of electing directors at the meeting will otherwise be determined by the chair of the meeting in his or her sole discretion.

Nominees for Election and Board Recommendation

The directors of the Company have determined that the number of directors for the ensuing year will be nine. All of the nominees for election at the Meeting are currently directors of the Company. All the nominees have agreed to stand for election. If, however, one or more of them should become unable to stand for election, it is likely that one or more other persons would be nominated for election at the Meeting.

The Board of Directors unanimously recommends that shareholders vote “FOR” the election of the directors nominated by the Board.

In connection with the closing of the Qualifying Transaction of the Company on May 18, 2011 (the “**Qualifying Transaction**”), and further to the concurrent equity investment in the Company by WISCO International Resources Development & Investment Limited (“**WISCO**”), the Company entered into an investment agreement with WISCO (the “**Investment Agreement**”) which effectively provides that, if WISCO owns 10% or more of the outstanding shares of the Company on a non-diluted basis, WISCO will have the right to nominate, after consultation with the Company, a number of directors of the Company. (Pursuant to a merger, WISCO is now owned by China Baowu Steel Group Corporation Limited (“**China Baowu**”), a China state owned enterprise.) The number of directors that may be nominated by WISCO pursuant to the terms of the Investment Agreement will be determined from time to time based on: (a) the percentage of the ordinary shares of the Company held by WISCO, and (b) the number of directors comprising the Board of the Company from time to time, with the product rounded down to the nearest whole number of directors. On the basis of WISCO’s current equity interest in the Company and the number of directors proposed for election at the Meeting, WISCO currently has the right to designate one individual as its nominee to the Board. WISCO has advised that either Mr. Yiyan Chen or Mr. Jianlong Yang can be considered as its nominee to the Board, and as both are currently Directors and are able to continue as Directors, the Board is nominating and recommending the re-election of both to the Board.

The following disclosure sets out: (a) the names of management’s nine nominees for election as directors, (b) their major offices and positions with the Company, including service on committees of the Board since the last annual meeting of shareholders, (c) their principal occupation, business or employment, (d) the period of time during which each has been a director of the Company, and (e) the number of shares beneficially owned by each, directly or indirectly, or over which each exercised control or direction, as at the Record Date. For each nominee’s principal occupation, business or employment for the five preceding years, see “*Matter #2 – Election of Directors – Principal Occupation, Business or Employment of Nominees*”.

Unless authority to do so with respect to one or more directors is withheld, the persons designated as proxyholders in the accompanying Proxy intend to vote the Shares represented by such Proxy, properly executed for the election of each of the nominees set forth in the following disclosure. The Company’s management does not contemplate that any of the nominees will be unable to serve as a director, but if that should occur for any reason prior to the Meeting, it is intended that discretionary authority will be exercised by the persons named in the accompanying Proxy to vote

any proxy for the election of any other person or persons in place of any nominee or nominees unable to serve.

CORPORATE GOVERNANCE

Directors are considered to be independent if they have no direct or indirect material relationship with the Company. A “material relationship” is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a director’s independent judgment.

With a view to determining independent directors, the Board has reviewed the relationship between the Company and each person nominated for election as a director of the Company, as well as the relationship between the Company and other individuals who were directors in the 2022-2023 financial year or currently in the 2023-2024 financial year. As noted above, the Board is comprised of four non-independent directors and five independent directors which means that a majority of the directors are independent.

With a view to fostering independent judgment and oversight, the Board considers the independence of directors in determining which directors are to serve on committees, taking into account the roles of the committees and the likelihood that the independence of directors will be important to the committee in discharging its responsibilities. Furthermore, the Board encourages independent Board members to discuss all matters with other independent directors and non-independent directors and management in order that they are fully informed and apprised of all matters necessary to make objective decisions as directors. Finally, as discussed below, the independence of the Lead Director is also important in fostering the independent exercise of judgment by the Board.

Exercise of Independence by the Board – the Board Chair, the Vice-Chair and the Lead Director

As previously disclosed in this Circular, management is of the opinion that the Chair of the Board, Sandy Chim, is a non-independent director.

To provide leadership to the independent directors, the Board appointed Dwight Ball and Howard Bernier from among the independent directors to act as the Vice-Chair and the Lead Director respectively. Mr. Ball, who was the 13th Premier of Newfoundland and Labrador, started to serve on the Board since June 2022. Mr. Bernier has served as Lead Director since October 2014 with the unanimous approval of the independent directors of the Board.

Together with the Vice-Chair, the Lead Director's primary role is to provide leadership for the independent directors, assist in managing any conflicts between the Company and any controlling shareholder, to focus on enhancing the effectiveness of the Board and to help ensure that the Board functions in an independent and cohesive fashion. In addition, the Lead Director, through consultation with the Chair of the Board, has the authority to prepare agendas for meetings of the independent directors, to ensure that meetings of the independent directors or in camera sessions are scheduled regularly, to chair such meetings and sessions and to report the results of such meetings and sessions to the Chair of the Board, and where necessary, to the Chief Executive Officer. The Lead Director is responsible for ensuring

that directors and management understand the independent role of the Board and the boundaries between the responsibilities of the Board and of management and for identifying and addressing impediments to the Board's ability to function independently of management. In circumstances of conflict by reason of the lack of independence of the Chair of the Board, the Vice-Chair and the Lead Director act as the liaison between management and the Board to ensure the relationship between management and the Board are conducted in a professional and constructive manner. This includes ensuring that the boundaries between the Board and management are clearly understood and respected by both management and directors.

When warranted, the independent directors can meet, in the absence of management and non-independent directors, at the conclusion of scheduled Board meetings. In addition, where a matter under consideration at a Board meeting warrants it and to ensure that free and candid discussions can take place, the Chair of the Board or Lead Director may request one or more members of management or non-independent directors to withdraw during the discussions of that matter. The Lead Director or the Vice-Chair may also call meetings of independent directors at the request of any independent director or on his own initiative.

Certain of the directors of the Company are also directors of other reporting issuers. To the Company's knowledge, except as set out below, none of the directors of the Company serves on the board of directors of any other reporting issuer with any other director of the Company. Record of Meeting Attendance

Directors are encouraged to attend all meetings of the Board and the Board Committees of which they are members, to attend such meetings fully prepared, and during meetings to devote their attention to the matters under consideration. Where a director's absence from a meeting is unavoidable, the director is responsible for contacting the Chairman, the Chief Executive Officer or a Secretary of the Company as soon as possible for a briefing on the substantive elements of the meeting.

From April 1, 2022 to March 31, 2023, the Board held four meetings and acted once by written consent, and its committees met or acted by written consent on eight occasions. He is a retired partner at PricewaterhouseCoopers where he served in various leadership roles related to the mining sector including being the Global Mining Industry Leader.

Disclosure Committee

The Disclosure Committee is responsible for, among other things, monitoring the effectiveness of, and compliance with, the Disclosure Policy adopted by the Board, to oversee the education of directors, officers and others about disclosure issues and the Disclosure Policy, and to review the Company's disclosure in public reports and filings, as well as on its website.

The Disclosure Committee is comprised of Sandy Chim, Chief Executive Officer, Ivan Wong, Senior Vice President, Corporate Finance and Project Development, and Bonnie Leung, Chief Financial Officer and Co-Secretary.

Corporate Social Responsibility Committee

The Corporate Social Responsibility Committee is responsible for overseeing and managing consultations with First Nations and the implementation of business activities that involve or impact First Nations communities.

Considering the Company's limited mineral exploration and development activities, the Board of Directors suspended the activities of the Corporate Social Responsibility Committee in the first quarter of 2016-2017 financial year. The Board of Directors intends to reactivate this Committee and its membership when the Company resumes activities requiring its oversight.

With the appointment of Mr. Ball as the Vice-Chair, being the 13th Premier of Newfoundland Labrador and also the Minister of Indigenous Affairs, the Board is enriched with a great depth of experience and knowledge in Environmental, Social and Governance. Being the Vice-Chair, working closely with the Chair and CEO, the Company is well served in this respect during the development of Joyce Lake before the need for the re-initiation of the Committee, which will be considered from time to time.

Technical Committee

The role of the Technical Committee is to assist the Board in its oversight of technical and operational matters.

Considering the Company's limited mineral exploration and development activities, the Board of Directors suspended the activities of the Technical Committee in the first quarter of 2016-2017 financial year. The Board of Directors intends to reactivate this Committee and its membership when the Company resumes activities requiring its oversight.

Position Descriptions

Set out below are brief descriptions of the responsibilities assigned to the Board Chair, the Lead Director, the CEO and the chairs of each committee of the Board under the Mandates and committee charters. These descriptions reflect

those elaborated in the Mandates, policies and committee charters of the Company's governance manual.

The Chair of the Board

The Chair's general mandate is to oversee management of the Board's affairs, to monitor the Board's effectiveness, to foster effective relations among Board members, shareholders, other stakeholders and the public, to provide leadership on the Board by setting agendas and managing meetings of the Board, and to assist the CEO in executing his mandate with respect to Company affairs.

The Vice-Chair of the Board

The Vice-Chair is mandated to serve as replacement or substitute for the Chair of the Board, presiding over meetings when the Chair is unable to attend. As a result, the Vice Chair contributes to the oversight and management of the Board's affairs and effectiveness, and fosters effective relations among Board members, shareholders, other stakeholders and the public.

The Lead Director

The Lead Director's general mandate is to plan and chair meetings of the independent directors, to identify and address impediments to the independent functioning of the Board and to liaise between the Board and management of the Company.

The Chief Executive Officer

The Chief Executive Officer's general mandate is to implement the Company's strategic and operating plans with a view to enhancing shareholder value, as well as to manage the Company on a day-to-day basis reporting to the Board. In the context of directing and overseeing the management of the Company's operations, under the current Mandate of the Chief Executive Officer as adopted by the Board, the CEO is asked to promote a culture of integrity, manage business strategies and plans, manage key members of senior management, oversee financial performance and work with the Board in the Board's exercise of its oversight role.

Committee Chairs

Under the Charters of the Committees of the Board, the Chair of each Committee is responsible for leading the Committee in discharging the Committee's duties, facilitating communications to and within the Committee, facilitating access to management as necessary, organizing and chairing Committee meetings, leading the Committee in its review and assessment of its mandate and effectiveness, working to address continuous education needs and reporting to the Board on Committee matters.

Orientation and Continuing Education

The Governance and Nominating Committee, in conjunction with the Chair of the Board and the Chief Executive Officer, is responsible for reviewing, monitoring and making recommendations to the Board regarding the orientation and education of directors. In addition, the Chairs of each Committee may also advise of continuous education needs.

The Board recognizes the importance of ongoing director education. In order to ensure that the Company's directors maintain the skill and knowledge necessary to meet their obligations as directors, the Governance and Nominating Committee can canvas the directors to determine their training and education and needs and interests, and facilitate the presentation by outside experts to the Board or committees on matters of particular importance or emerging significance. In addition, Board members are periodically provided guides, memoranda and other materials to assist the Board in understanding and carrying out their obligations in light of legal and regulatory requirements with respect to the Company's operations and governance.

Ethical Business Conduct

The Company's Code of Business Conduct and Ethics governs the behaviour of its directors, officers and employees. The Code sets out expectations for the conduct of the Company's business in accordance with all applicable laws, rules and regulations and the highest ethical standards. When new directors or employees are engaged, they are provided a copy of the Code and required to sign an acknowledgement of having read the Code. This procedure is to be repeated if any significant amendments are made to the Code. The Code will also be circulated annually within the Company. Shareholders may obtain a copy of the Code of Business Conduct and Ethics by contacting Denis Frawley, Co-Secretary or Bonnie Leung, Chief Financial Officer and Co-Secretary, at: 852-3951-8700.

The Code of Business Conduct and Ethics includes procedures and mechanisms for directors, officers, and employees of the Company to report violations of, or concerns regarding, various matters (including financial statement disclosure issues, accounting matters, internal controls, fraud and misrepresentations) in relation to the Code. Where the reporting person does not wish to, or is not able to, discuss a concern with his or her immediate supervisor, reports may be submitted to the Chair of the Audit Committee with respect to financial matters. Reports may be made anonymously. After an investigation of a report of non-compliance with the Code is completed, the matter is reported to the Audit Committee for consideration and appropriate action.

In addition to the procedure for reporting complaints described above, the Company has taken other steps to monitor compliance, including commissioning internal controls and/or other compliance reviews every year.

The Board has in place a number of procedures designed to ensure that directors exercise independent judgment in a matter where a director or officer has a material interest, including the assessment made by the Board as to the independence of its directors, which assessment provides the Board with a current understanding of the areas in which a director may have a material interest in business of the Company, or matters under consideration by the Board. A director who has a conflict of interest regarding any particular matter under consideration by the Board is required to advise the Board, refrain from debate on the matter and abstain from any vote regarding that matter.

Representation of Women on the Board and in Executive Officer Positions

The Board has not adopted a written policy relating to the identification and nomination of women directors, nor has it adopted a target regarding the number or percentage of directors who should be women.

As previously discussed in this Information Circular under “*Corporate Governance-Mandates and Charters Adopted by the Board-Governance and Nominating Committee*”, the Governance and Nominating Committee is responsible for, among other things, assessing the skills and competencies needed on the Board, as compared to those possessed by current directors and by candidates for service on the Board. Following that assessment, this committee is responsible for making recommendations to the Board as to candidates to be nominated for election as directors of the Company or appointed to the Board outside of shareholder meetings. Currently, neither the Board nor the Governance and Nominating Committee formally or specifically focuses on the level of representation of women on the Board when considering candidates for election or re-election. However, that may evolve over time and as circumstances permit.

The Company currently has two women serving as directors, corresponding to 22% of the Board. Ms. Wong serves as a member of the Audit Committee, playing a particularly prominent role on the Board. Ms. Yu has been serving as a Board member since September 20, 2022.

Similarly, the Board does not formally and specifically focus on the level of representation of women in executive officer positions when making executive officer appointments, nor has a target been adopted for women in executive officer positions. Currently, the Company has a small management team whose size is reflective of the nature and scope of current operations. Currently, there is one woman serving as executive officer of the Company, which corresponds to 33% of all executive officers of the Company. A material expansion in the size of the Company’s senior management is not anticipated as being necessary or appropriate until such time as a decision is made for the Company to move ahead with the development of one of its projects or to begin significant operations in a new area of activity.

The Company is committed to the fundamental principles of treating people fairly, with respect and dignity, and to offering equal employment opportunities based upon an individual’s qualifications and performance and without discrimination or harassment because of factors like race, ethnicity, gender or sexual orientation that are not related to performance. The Company’s goal in making hiring decisions, including executive officer positions, is to select candidates based solely upon experience, skills, competencies and ability. Considering the small number of the Company’s executive officers and employees, management feels that currently it is not practical for the Company to commit to orienting its hiring decisions with gender representation targets in mind.

Nomination of Directors

The Governance and Nominating Committee oversees the general and specific criteria for candidates to be considered for nomination as directors, with a view to ensuring the composition of the Board provides the necessary mix of skills and experience required to guide the long-term strategy and business operations of the Company. As part of this

process, the Governance and Nominating Committee considers the competencies and skills required by the Board as a whole, and the particular competencies and skills that each director possesses.

The review will take into account the diversity of background, skills and experience of the directors, being the key characteristics that the Committee believes are required for effective Board participation. All directors are encouraged to identify potential candidates for nomination.

The Committee will screen all prospective nominees and review their particular characteristics and skills against the identified criteria bearing in mind competencies and skills that may be lacking in the composition of the Board from time to time. Consideration will also be given to the perceived ability of a nominee to devote the time and effort needed to fulfilling his or her duties as a member of the Board.

Director Term Limits and Board Renewal

The Company has not adopted a policy regarding director term limits, director retirement or Board renewal. Since the Company completed its Qualifying Transaction in May of 2011, the composition of the Board has changed over time. As a result of these changes, there has been a natural evolution and renewal in the composition of the Board over time. As explained in greater detail previously in this Information Circular (see “*Matter #2 – Election of Directors*”), WISCO currently has the right to nominate one individual to the Board of Directors.

With respect to the current Board members, nine of whom are nominated for re-election at the Meeting, two directors have served since the Company completed its Qualifying Transaction in May 2011, and the other seven directors joined the Board in September 2011, June 2019, September 2019, November 2020, October 2021, June 2022 and September 2022.

Each year, the Governance and Nominating Committee reviews the current Board’s make-up and the skills and competencies of current directors, including the experience of the directors, to determine if the current board members are appropriate for re-election and will continue to make an effective contribution and whether or not additional or replacement directors are required, given the Company’s anticipated activities. The adoption of a fixed policy with respect to Board renewal, or the age of directors, or the duration of a director’s membership on the Board, was not considered appropriate for the Company. Currently, the yearly review undertaken by the Governance and Nominating Committee is thought to provide an effective means of evaluating the composition of the Board, the needs of the Company from its Board, and Board renewal.

Compensation

The compensation offered by the Company to its directors, officers and senior management is designed to be motivational and to enable the Company to attract, retain and inspire performance of management of a quality and nature that will enhance the growth and sustainability of the Company. The Compensation Committee is responsible for reviewing and recommending the compensation philosophy and guidelines for the directors and officers of the Company. The Compensation Committee periodically reviews compensation matters and makes recommendations to the Board for consideration and approval when it believes changes in compensation are warranted.

Currently, the principal components of the executive compensation awarded by the Company are a base salary, a short term annual incentive award, and long term incentives in the form of stock options and awards outlined in the Company’s Equity Incentive Plan, which was filed on SEDAR+ at www.sedarplus.ca. The Company may include other forms of equity-based compensation as a component of long term incentive compensation. For a discussion of the compensation structure, see “*Executive Compensation – Compensation Discussion and Analysis*”.

Corporate Disclosure Policy

The Board has a Disclosure Policy which is intended to ensure that all material information relating to the Company is communicated appropriately and in a timely manner to the public and shareholders. The policy also applies to the dissemination of annual and quarterly reports, press releases and other reports. In addition to annual general meetings, meetings between management of the Company and various investors and investment analysts occur occasionally, all of which are governed by the Disclosure Policy.

Assessments

In accordance with its Charter, the Governance and Nominating Committee, with input from the Board Chair and the

Lead Director, assesses the performance of the Board and its directors. This Committee also reviews the performance of the Board Chair, the Lead Director, Committee Chairs and each Committee. These assessments are taken into account when the Governance and Nominating Committee makes its recommendations to the Board regarding director nominations, as well as regarding specific positions on the Board and its Committees.

Compensation Discussion and Analysis

This section provides information about the Company's compensation-related objectives and procedures. It also includes a discussion of the compensation decisions relating to the Company NEOs listed in the summary compensation table above.

In determining executive compensation, the Board considers the Company's financial circumstances at the time decisions are made regarding executive compensation, the mid and long-term forecasted financial position of the Company and the performance goals set for the segments of the Company's activities. Since only a portion of the Company's operations currently earn revenue, equity incentives such as stock options and share units are considered by the Company and its Board as an important component of executive compensation, insofar as these forms of compensation do not necessarily require cash disbursements by the Company.

The Company has entered into employment agreements with each of its NEOs. For a description of the employment agreements entered into between the Company and certain of its NEOs, see "*Executive Compensation – Employment Agreements and Termination and Change of Control Benefits*" below.

Additional information about the Company and its operations is available in the Company's audited consolidated financial statements, which are available under the Company's profile on SEDAR+ at: www.sedarplus.ca.

Principles, Components and Policies

The Compensation Committee is responsible for recommending the compensation of the Company's executive officers to the Board. The compensation levels established for executive officers are developed with a view to satisfying the following goals:

- to recruit and subsequently retain highly qualified executive officers by offering overall compensation which is competitive with that offered for comparable positions in other mineral exploration companies of a similar size and overall stage of business development;
- to motivate executives to achieve important corporate and individual performance objectives and reward them when such objectives are met; and
- to align the interests of executive officers with the long-term interests of shareholders through participation in the Company's equity incentive plan.

Currently, the Company's executive compensation package consists of a base salary, discretionary annual cash bonus and long-term incentives that can take the form of share options, performance share units (where the units vest based on the achievement of identified performance objectives) and restricted share units (where units will vest after the unit-holder has worked a specified period of time for the Company). In this manner, different types of compensation are available to reward executives for near-term performance and thereby motivate executives in the near terms, as well as to motivate and reward executives for their loyalty and commitment to the Company and to motivate executives to help achieve the principal objectives identified by the Company's Board of Directors. In the future, the compensation offered to directors, officers and senior management, as well as other employees, could include other forms of equity-based compensation as a component of long term incentive compensation.

The components of long term incentive compensation offered by the Company have been established for the Company's executive compensation package on the basis that a competitive base salary and opportunity for annual cash bonuses are required in order both to retain key executives and acknowledge their performance in the near-term, and that participation in the Company's equity-based incentive compensation awards should align the interests of management with those of the Company's shareholders, as well as contribute to the ongoing success of the Company.

When determining the type and extent of compensation to be offered and paid to executives, the Compensation Committee considers the Company's financial situation, particularly the availability of cash and anticipated needs for

cash, as well as the performance of the Company's share price. In the case of share units granted to executives, the Compensation Committee has sought to preserve the ability to determine to make payments due when share units are vested either in cash or in shares of the Company at the time those payments are due. In that regard, the decision to make compensation payments in cash or equity can be reached at a time when it will be possible for the Compensation Committee and the Board of Directors to assess financial conditions, cash constraints, cash requirements, stock market conditions and general market conditions.

In considering compensation offered to management, the Compensation Committee considered the risks associated with the Company's compensation policies and practices and concluded that, given the nature of the Company's business and the role of the Compensation Committee in overseeing the Company's executive compensation practices, the compensation policies and practices do not serve to encourage any NEO or individual at a principal business unit or division to take inappropriate or excessive risks, and no risks were identified as arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

Although the Company has not adopted a policy disallowing insiders from purchasing financial instruments designed to hedge or offset any decrease in market value of shares or any other securities of the Company, the Company is not aware of any insiders having purchases such instruments.

Base Salary

The NEOs are paid a salary that is designed to ensure that the compensation package offered by the Company is competitive with that offered by others in the mineral exploration and development industry, and that fairly compensates the NEOs for efforts on behalf of the Company. Base salaries for executive officers are evaluated against the responsibilities inherent in their positions with the Company, as well as each individual's experience and past performance. Compensation levels are also compared to the competitive marketplace for management talent at other mineral exploration and development companies that are at similar stages of development, market capitalization and size.

Since fiscal year 2017, in acknowledgement of the impact of macro-economic and sectoral challenges faced by the Company's core iron ore business and in recognition of the desire to preserve the Company's cash while the Company redirects its activities into other areas, the Company's President and CEO offered to reduce his base salary by 20%, and this offer was accepted by the Board. In addition to the reduced base salary, he also volunteered a deferral of another \$30,000 a year for years 2019 and 2020 to be repaid when business recovers. In fiscal year 2021, in view of Mr. Chim's efforts in successfully creating a number of accretive transactions over the last few years to increase the value of the Company, the Board has approved a back payment of half of the voluntarily reduced salary to Mr. Chim as a one-time recognition of Mr. Chim's contributions, with no other salary adjustment to his currently reduced salary.

Annual Incentive Cash Bonuses

The NEOs are entitled to be considered for a discretionary annual incentive cash bonus at the end of each year.

The Company's President and CEO is eligible to receive a cash bonus of between \$0 and \$750,000, based on his performance. That performance was available based on an evaluation of the President and CEO's performance (and/or the Company's performance) in pre-determined areas such as share price, balance sheet, budget management, the achievement of Century Food and the Joyce Lake project development.

During fiscal years 2017 to 2020, the Company's President and CEO offered to forego any cash incentive bonus payment for the same reasons as his voluntary salary reduction.

The Compensation Committee expects to periodically re-adjust the performance criteria applied so as to promote an alignment between the goals for the Company as identified by the Board of Directors and the corresponding cash compensation available to the President and CEO if those goals are achieved.

For other NEOs, the Company has not established defined performance measures to be applied when determining how much incentive cash bonus to award. However, when determining those cash bonuses, an executive's performance during the year is evaluated, as are the Company's achievements during the year.

For the financial years ended March 31, 2023, March 31, 2022 and March 31, 2021, the Company awarded discretionary bonuses to the NEOs as reflected in the *Summary Compensation Table* provided above under the heading "Annual Incentive Plans". The Company's objectives in granting annual incentive cash bonuses generally include:

- attracting and retaining talented, qualified and effective executives;
- motivating the short and long-term performance of these executives; and
- better aligning their interests with those of the Company's shareholders.

Long-Term Incentives–Equity-based incentive compensation

The Equity Incentive Plan of the Company (“**Equity Incentive Plan**”) allows for the grant of stock options and other types of equity incentive awards to NEOs, directors, employees and others providing services to the Company. The plan was most recently re-approved by shareholders at their meeting on September 21, 2020, and by the TSX. Under TSX policies, if approved by shareholders at the Meeting, the Company will not be required to seek re-approval of the plan until September 20, 2026, unless significant amendments to the Equity Incentive Plan are proposed in the interim. The objective of the Equity Incentive Plan is to provide the Company with the ability to compensate its directors, management and employees with forms of equity-based compensation including stock options and share units, while nonetheless linking the compensation of the recipients of those awards to directors, executives, key employees and others providing services to the Company to the Company's long term success, as well as to promote retention and motivation among these individuals.

Share options have been granted to reward individuals for current performance and to align the long-term interests of the NEOs (as well as other optionees) with shareholders. Share options are granted in accordance with the Company's Equity Incentive Plan. The exercise price for options granted under the plan cannot be less than the market price of the securities at the time the option is granted, and must otherwise comply with the policies of the TSX. See “*Securities Authorized for Issuance under Equity Compensation Plans*” below.

On November 13, 2013, the Board approved the award of share units tied both to continued service and to established performance objectives granted under the Equity Incentive Plan. Share units are an additional component of compensation to officers (including the NEOs), directors, key employees and others providing services to the Company. A portion of the share units granted vest over time provided the unit holders continue to be employed by or provide services to the Company for the required vesting period, and the balance would vest if identified performance criteria are met and achieved. For vested share units, the holders are entitled to payment in cash or in shares of the Company, at the election of the Company. Each share unit is equivalent to one ordinary share of the Company. If a unit holder is to receive payment of his or her share units in cash, the amount of the payment would be the fair market value of ordinary shares of the Company. Generally, the Board will have discretion to determine the date as of which the fair market value of ordinary shares is determined for these purposes, provided that the date cannot be earlier than the date when all pre-conditions to payment under a share unit have been satisfied. However, when a share unit is granted, the Board may specify in the applicable agreement another date or principle for determining the fair market value of ordinary shares for purposes of share unit payments.

Compensation-Related Report

In March of 2012, the Company received a report from a compensation consultant, Roger Gurr & Associates, regarding the appropriateness of the Company's executive (and director) compensation structure. In preparing the report, the Company's compensation structure was compared to the compensation offered by a group of 14 comparable companies. The report concluded that the Company's executive compensation structure is reasonable with respect to salary, annual bonus opportunities and annual stock option issuances. The report also noted that in order to provide more attractive compensation packages, if capacity was available, larger annual issuances of stock options could be provided.

On July 2, 2013, the Company retained Towers Watson to provide assistance in designing and implementing a long-term incentive plan for the Company's executives, key employees, directors and others. This report resulted in amendments to the Company's stock option plan that were approved at the meeting of shareholders held on September 26, 2013.

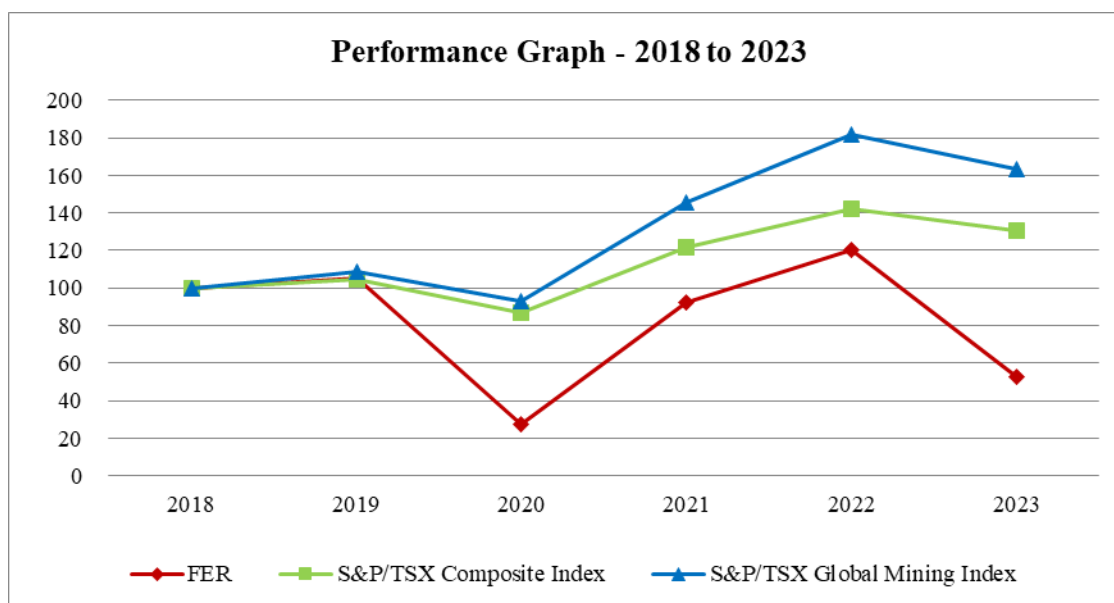

Executive Compensation-Related Fees and All Other Fees

For the financial years ended March 31, 2023 and March 31, 2022, and during the period since March 31, 2023, the aggregate fees billed to the Company by each compensation consultant or advisor for services related to determining compensation for any of the Company's directors and executive officers were Nil, Nil and Nil respectively. For the same periods, the aggregate fees billed to the Company by each compensation consultant or advisor for all other

services were Nil, Nil and Nil, respectively. These fees do not include fees of legal counsel incurred with respect to advice generally provided to the Board of Directors and its Compensation Committee.

Performance Graph

The following graph depicts the Company’s cumulative total shareholders’ return on March 31 of the five most recently completed financial years from 2019 to 2023, assuming a \$100 investment in the Company’s ordinary shares since April 1, 2018, compared to an equal investment in the S&P/TSX Composite Index and the S&P/TSX Global Mining Index.

Over the past five years, there has been no major change in the Company’s overall compensation to its executive officers except for the fiscal year 2021, in which year the Company’s Board has approved certain share options, a back payment of half of the previously voluntarily reduced salary of the CEO, and bonuses to its other executive officers in recognition of their efforts in creating and completing a number of accretive transactions over the past few years to increase the value of the Company, as further discussed below.

The Company has successfully spun out a gold focused company Century Metals Inc. (“**Century Metals**”) which shares became listed and traded on the Toronto Stock Exchange (“**TSX**”) on June 17, 2019. As part of the Century Metals spin-out plan, in June 2019 the Company distributed a dividend in kind of 10 million Century Metals shares to the Company’s shareholders. The Century Metals spin-out created an independent public company focused initially on gold exploration on its 100%-owned Fabie, Trudeau and Eastchester claim groups in Quebec, Canada, with the ability to acquire additional precious metals properties and projects going forward. Century Metal identified a promising Mexican silver opportunity and entered into a letter of intent with Reyna Silver Corp. (“**Reyna Silver**”) effective September 23, 2019 to acquire all the issued and outstanding share capital of Reyna Silver, which together with other properties, owns the Guigui and Batopilas silver exploration properties in Mexico. Century Metals and Reyna Silver raised about \$6.6 million by way of private placements to support the acquisition. On June 3, 2020, Century Metals completed the acquisition of Reyna Silver and changed its name to “Reyna Silver Corp.” upon TSX Venture Exchange’s approval. Immediately after the acquisition transaction, the Company retained an interest of 3.67%. of the merged company. The 10 million Century Metals shares that were distributed to the Company’s shareholders in 2019 were consolidated on a 6.4 to 1 basis to approximately 1.6 million shares of Reyna Silver, and represented approximately \$0.9 million in value in total based on the closing price of \$0.57 on the first day of trading resumption on June 8, 2020 after the completion of the acquisition, reflecting an almost 50% increase in value from the price of those shares at the time of distribution of 6 cents before consolidation.

Prior to the spectacular price performance of the iron ore market since late 2020, in November 2020 the Company consolidated ownership of its iron ore projects by the acquisition of our joint venture partner’s interests in the Joyce Lake project and other Labrador iron ore projects, through an open market process to attain 100% ownership. In

December 2020, the Company also completed an internal reorganization in particular placing the Joyce Lake project in a corporate structure suitable for spinning out as a new public company, with a view to future project development financing. In 2021, Joyce Direct Iron Inc. (“**JDI**”), the special purpose vehicle holding 100% interest in the Joyce Lake project, raised a total of A\$2.1 million through private placements, reflecting a pre-money valuation of A\$20 million. In December 2022, the Company completed the NI 43-101 compliant updated feasibility study for the Joyce Lake Direct Shipping Iron Ore Project, which demonstrated robust project financial returns. The Company also submitted the draft Environmental Impact Statement for Joyce Lake to the Impact Assessment Agency of the Government of Canada (“**IAAC**”) for technical review and to Newfoundland and Labrador – Department of Environment and Climate Change (“**NL-ECC**”) for preliminary review, comments and further information requests of both reviews have been received. As of the date of this document, the Company retains a 91.6% controlling ownership in JDI.

These successful accretive transactions delivered by management over the past few years has rebuilt the Company’s cash and working capital and allows it to advance its iron ore assets during the new iron ore price up-cycle. As of March 31, 2023, the Company has a high liquidity with cash and marketable securities of over \$6.5 million and working capital* of over \$8 million. The Joyce Lake project completed A\$2.1 million private placement financing further adds valuable financial resources, it also reflects on the substantial long-term investment by the Company’s supporting shareholders.

In spite of these favourable transactions, the Company’s stock performance has lagged that of both the S&P/TSX Composite Index and S&P/TSX Global Mining Index over the period. The Board believes that the under-performance in the Company’s share price largely reflects the negativity in the market sentiment towards the more pronounced decline in the iron ore sector over the past few years relative to other commodities including gold, copper and other base metals, and in particular towards junior mining companies such as the Company whose projects are not yet in the production stage. The Board considers that the fluctuation in share price was unrelated to the performance of the management of the Company but was instead driven by the overall macroeconomic conditions specific to the iron ore sector.

Employment Agreements and Termination and Change of Control Benefits

The Company has entered into Executive Employment Agreements with three of its NEOs of the Company, namely Sandy Chim, Ivan Wong, and Bonnie Leung. All of these NEOs, under their respective Executive Employment Agreements, are subject to non-competition provisions during the term of their respective agreement and for a period of 12 months thereafter, and confidentiality provisions.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

Equity Incentive Plan

The Equity Incentive Plan was most recently re-approved by shareholders at the annual general meeting of shareholders held on September 21, 2020. The purpose of the Equity Incentive Plan is:

- (a) to provide directors, officers and consultants of the Company with an opportunity to purchase or own ordinary shares of the Company; and
- (b) to permit the Company to grant other types of equity-based compensation to directors, officers and consultants of the Company, such as performance share units and restricted share units (where compensation is awarded based on the achievement of performance milestones or duration of service and, when earned, could be paid in shares or cash), restricted or performance shares (*i.e.* shares that are subject to vesting conditions) and share appreciation rights (where compensation could be payable in cash or shares based on the appreciation in the value of the Company’s ordinary shares).

These grants or awards of equity-based compensation are intended to provide an increased incentive for the recipients to contribute to the future success of the Company in a manner that enhances the value of the ordinary shares. They are also meant to increase the ability of the Company to attract, motivate and retain qualified individuals.

The Equity Incentive Plan is administered by the Compensation Committee in conjunction with management. The Compensation Committee is responsible for recommending for approval to the Board the terms and conditions applicable to grants of stock options and other equity-based compensation under the Equity Incentive Plan, including the number of ordinary common shares issuable.

The Equity Incentive Plan that shareholders are now asked to re-approve is identical to the plan approved at the shareholder meeting held on September 21, 2020, as no changes have been made to the plan in the intervening years. If the Equity Incentive Plan is approved by shareholders at the Meeting, under TSX rules that approval is valid for three years and the Company would normally have to seek shareholder approval of the plan again on or before September 20, 2026.

The following is a summary of the material terms of the Equity Incentive Plan:

Number of Securities Issuable. The maximum number of shares that may be issued under the plan is the number that is equal to 15% of the total number of ordinary shares of the Company issued and outstanding at any time, less any ordinary shares reserved for issuance under other share compensation arrangements. As of the date of this Information Circular, there are 13,262,500 share options outstanding (13,262,500 as of March 31, 2023) under the plan, such options being exercisable for the same number of ordinary shares, corresponding to 11.2% of the Company’s issued and outstanding ordinary shares (13.5% at March 31, 2023). In addition, as of the date of this Information Circular, no performance share units and restricted share units (Nil as of March 31, 2023) under the Equity Incentive Plan were outstanding, corresponding to 0% of the Company’s issued and outstanding ordinary shares (0% at March 31, 2023). In total, as of the date of this Information Circular, a total of 13,262,500 ordinary shares (13,262,500 as of March 31,

2023) could be issued in respect of share options and share units that are outstanding under the Equity Incentive Plan, corresponding to 11.2% of the Company's issued and outstanding ordinary shares (13.5% at March 31, 2023). As of the date of this Information Circular, there are 4,468,322 ordinary shares (1,513,185 as of March 31, 2023) remaining available for future issuance under the Equity Incentive Plan.

Insider Participation Limit. Notwithstanding anything else provided under the Equity Incentive Plan:

- the number of ordinary shares that may be issuable at any time to insiders under the Equity Incentive Plan and under any other equity-based arrangements of the Company; and
- the number of ordinary shares issued to insiders of the Company under the Equity Incentive Plan and under any other equity-based compensation arrangements of the Company during any one year period;

may not exceed 10% of the Company's issued and outstanding shares.

Eligible Persons. "Service Providers" are eligible to receive grants of share-based awards and share options under the Equity Incentive Plan. "Service Providers" are bona fide directors, officers, employees, management company employees and consultants and also include a company of which 100% of the share capital is beneficially owned by one or more individual Service Providers.

Exercise Price. During such time as the ordinary shares of the Company are listed on the TSX, the exercise price of options granted under the plan will be the greater of the closing price for the Company's ordinary shares on the TSX on the last trading day before the date of grant of the option and the weighted average of the trading prices for the ordinary shares on the five trading days before the date of grant of the option. For the share awards, upon vesting, the party to whom a share unit was granted is entitled to receive either the corresponding ordinary share, or a cash payment corresponding to the fair market value of the ordinary share calculated on a date determined in good faith by the Board. Under the Equity Incentive Plan, the fair market value as of a specified date is the last closing price of the ordinary shares of the Company on the TSX on the trading day immediately preceding that date.

Vesting. Vesting of stock options and shares awards granted under the plan will be based on duration of services and/or satisfaction of performance conditions and subject to the discretion of the Board. On a change of control or takeover bid, if provided for in the optionee's or grantee's employment agreement, the options or share awards will fully vest and in all other cases may fully vest at the discretion of the Board. For the purposes of the Equity Incentive Plan, a change of control occurs in the circumstances set out in the optionee's or grantee's employment agreement or, if not defined in the applicable employment agreement, on the acquisition of a number of the voting securities of the Company, which, including all the other voting securities of the Company held by the acquirer, results in such entity holding for the first time at least 30% of the outstanding voting securities of the Company.

Share Appreciation Rights. A share appreciation right ("SAR") entitles a grantee to receive payment, in cash or ordinary shares of the Company, equal to the appreciation in value of the corresponding number of ordinary shares over a certain period of time. The appreciation in value is calculated as the difference between the fair market value of the corresponding number of ordinary shares on the date of payment and the fair market value of the same number of ordinary shares at the time when the SAR was granted. If payment of the SAR is made in ordinary shares of the Company, the number of ordinary shares to be delivered will be determined by dividing the amount due to be paid by the fair market value of the ordinary shares when payment is made.

Termination of Exercise Right for Share Options. No option may be exercised after an optionee has left the employment or service of the Company except as follows:

- in the event of an optionee's death, any vested option held by the optionee at the date of death will be exercisable by the optionee's lawful personal representatives, heirs or executors until the earlier of 12 months after the date of death and the date of expiration of the term otherwise applicable to such option; and
- if and to the extent provided in the optionee's employment agreement.

Generally speaking, vested options will expire 90 days after the date the optionee ceases to be employed by, provide services to, or be a director or officer of, the Company, and any unvested options shall immediately terminate. In addition, if an optionee is dismissed for cause, such optionee's options, whether or not they are vested at the date of dismissal, will immediately be terminated.

Termination of Exercise Right for Share Awards. No award may be exercised after a grantee has left the employment or service of the Company except as follows:

- in the event of an grantee's death, any vested awards held by the grantee at the date of death will be exercisable by the grantee's lawful personal representatives, heirs or executors until the earlier of 6 months after the date of death and the date of expiration of the term otherwise applicable to such award;
- in the event of retirement from employment with or service to the Company or in the case of the Company terminating the grantee's employment or other service to the Company without cause, the Company will require to make payment in cash or the ordinary shares in respect to any vested awards held by the grantee at the date of retirement or termination;
- With respect to any share awards for which vesting depends on the grantee providing services to the Company for a specified period ("**Vesting Period**"), and in the event of grantee's death, retirement from service or termination by the Company of the service, a *pro rata* portion of the share awards shall vest immediately prior to such termination of grantee's service and the Company will be required to make payment to the grantee or his representatives, heirs or executors based on the percentage of share awards earned by the grantee during the Vesting Period; and
- if and to the extent provided in the grantee's and employment agreement.

If a grantee is dismissed for cause, such grantee's options, whether or not they are vested at the date of dismissal, will immediately be terminated.

Terms. Share-based awards and share option awards granted under the Equity Incentive Plan will have a maximum term of 10 years from their date of grant.

Extension of Expiry Period. If a share option or share award which has been previously granted is set to expire during a period in which trading in securities of the Company by the option holder is restricted by a black-out, or within 9 business days of the expiry of a black-out, the expiry date of the option will be extended to 10 business days after the trading restrictions are lifted.

No Assignment. Subject to the provisions of the Equity Incentive Plan, all Share-based awards and share option awards will be exercisable only by the optionee or grantee to whom they are granted and will not be assignable or transferable, except in the event of the death of the optionee or grantee when his representatives, heirs or successors may exercise any vested options and share awards. In addition, the board of the Company may permit a grantee to transfer share awards to a Service Provider (as defined in the Equity Incentive Plan).

Administration. Subject to the requirements of applicable law and TSX policies requiring shareholder or other approval, the Equity Incentive Plan provides that the Board may amend, suspend, terminate, or discontinue the plan or any option and awards, or revoke or alter any action taken under the plan or option and awards, except that the Board may not undertake any such action if it were to adversely alter or impair an option or award unless it first obtains the written consent of the affected optionee or grantee.

Amendments Requiring Shareholder Approval. Shareholder approval is required for the following amendments to the Equity Incentive Plan:

- an increase of the aggregate percentage of securities issuable under the plan; and a reduction in the exercise price of an outstanding option;
- an extension of the term of any option beyond the expiry date;
- any amendment to permit assignments or exercises other than by the optionee or grantee other than as set out in the plan;
- amendment to the individuals eligible to receive options or awards under the plan;
- an amendment to the plan to provide for other types of compensation through equity issuance, other than an amendment in the nature of a substitution and/or adjustment made by the Board in response to a change to, event affecting, exchange of, or corporate change or transaction affecting the Ordinary shares of the Company; and
- an amendment which is required to be approved by shareholders under applicable law (including, without

limitation, the policies of the TSX).

Amendments without Shareholder Approval. Subject to the policies of the TSX, the Equity Incentive Plan may be amended without shareholder approval for the following:

- amendments of a “housekeeping” nature;
- amendments necessary to comply with the provisions of applicable law;
- amendments respecting the administration of the Equity Incentive Plan;
- any amendment to the vesting provisions of the plan or any option and awards;

3.9 No Option may be exercised after the Optionee has ceased to be a Service Provider, except as follows:

- (a) notwithstanding any other provision of this section 3.9, if and to the extent provided in the Optionee's Employment Agreement;
- (b) in the case of the death of an Optionee, any vested Option held by him at the date of death will become exercisable by the Optionee's lawful personal representatives, heirs or executors until the earlier of one year after the date of death of such Optionee and the Expiry Date of such Option;
- (c) subject to the other provisions of this section 3.9, including the proviso below, vested Options shall expire on the earlier of the Expiry Date of such Option or the date that is 90 days after the date the Optionee ceases to be employed by, provide services to, or be a Director or Officer of, the Company or an Affiliate of the Company, and all unvested Options shall immediately terminate without right to exercise same; and
- (d) in the case of an Optionee being dismissed from employment or service for cause, such Optionee's Options, whether or not vested at the date of dismissal will immediately terminate without right to exercise same, but provided that in no event may the term of the Option exceed 10 years.

Notwithstanding the provisions of paragraph (c), the Board may provide for the vesting of all or any part of the Optionee's Options that are unvested at the date the Optionee ceases to be employed by, provide services to, or be a Director or Officer of, the Company or an Affiliate, and may extend the time period for exercise of an Option to a maximum of the original term of the Option, all as the Board deems appropriate in the circumstances contemplated by paragraph (c).

Non Assignable

3.10 Subject to section 3.9(b), all Options will be exercisable only by the Optionee to whom they are granted and will not be assignable or transferable.

Adjustment of Options Expiring During Blackout Period

3.11 Should the Expiry Date for an Option fall within a Blackout Period, or within nine (9) Business Days following the expiration of a Blackout Period, such Expiry Date shall be automatically adjusted without any further act or formality to that day which is the tenth (10th) Business Day after the end of the Blackout Period, such tenth Business Day to be considered the Expiry Date for such Option for all purposes under this Plan. Notwithstanding any

other provision of this Plan, the ten Business Day period referred to in this section 3.11 may not be extended by the Board.

Option Commitment

3.12 Upon grant of an Option hereunder, an authorized officer of the Company will deliver to the Optionee an Option Commitment detailing the terms of such Options and upon such delivery the Optionee will be subject to this Plan and have the right to purchase the Optioned Shares at the Exercise Price set out therein subject to the terms and conditions hereof.

Manner of Exercise

3.13 An Optionee who wishes to exercise his Option may do so by delivering:

- (a) a written notice to the Company specifying the number of Optioned Shares being acquired pursuant to the Option; and
- (b) cash or a certified cheque payable to the Company for the aggregate Exercise Price for the Optioned Shares being acquired and the aggregate of any amount required by law to be withheld by the Company on the exercise of such Option, or separate certified cheques for such Exercise Price and such amount to be withheld. Notwithstanding anything else contained in this Plan, the Company may, from time to time, implement such other procedures and conditions as it determines appropriate with respect to the payment, funding or withholding of amounts required by law to be withheld on the exercise of Options under this Plan.

Delivery of Certificate and Hold Periods

3.14 As soon as practicable after receipt of the notice of exercise described in section 3.13 and payment in full for the Optioned Shares being acquired, the Company will direct its transfer agent to issue a certificate to the Optionee for the appropriate number of Optioned Shares. Such certificate issued will bear a legend stipulating any resale restrictions required under applicable securities laws.

ARTICLE 4

OTHER EQUITY AWARDS

Purpose and Grants of Other Equity Awards

4.1 Under this Plan, the Board may grant Other Equity Awards to any Service Provider, subject to applicable laws.

4.2 The Board shall determine the type and number of Other Equity Awards that such Service Provider is entitled to receive, the term of such Other Equity Awards and the vesting conditions, if applicable, of such Other Equity Awards.

Terms and Conditions

4.3 Each Other Equity Award granted to a Service Provider shall be governed by the this Plan and shall be evidenced by an Other Equity Award Agreement setting out the terms and conditions governing the Other Equity Award (in addition to the terms and conditions of this Plan), which terms and conditions as reflected in the Other Equity Award Agreement need not be the same in each case and which terms and conditions may be changed from time to time by the Board in accordance with applicable laws. The term of any Other Equity Award shall be for a maximum of ten (10) years from the date the Other Equity Award is granted.

Performance Share Units

4.4 The Board may grant Other Equity Awards of Performance Share Units to Service Providers, in all cases in such amounts and subject to such vesting and other terms and conditions as the Board shall determine in its discretion, subject to this Plan and applicable laws. The conditions applicable to PSUs can include, among other things, conditions as to performance, milestones that must be achieved in order for the corresponding PSUs to vest, other internal or external conditions that must be satisfied in order for the PSUs to vest, or as to the length of time during which a Participant must be employed by, or otherwise provide services to, the Company in order for vesting to occur. A PSU will not entitle its holder to voting or other rights appurtenant to Shares. Except as may otherwise be set forth in the corresponding Other Equity Award Agreement, if and when dividends are declared and paid upon the Shares at

any time prior to vesting of a PSU, no adjustment shall be made to the PSU or its value. The Board shall also determine in its sole discretion whether payment under PSUs will be made in Shares, cash, securities or other property, or a combination thereof, and for greater clarity the Board shall be authorized to make such a determination at any time before or after vesting, until payment is actually made. When the conditions for vesting and payment, if any, applicable to a PSU have been satisfied, the holder of the PSU shall be entitled to receive the corresponding number of Shares, the cash value of the corresponding number of Shares at that time, other securities of the Company or other property, as the case may be. Unless otherwise specified in the applicable Other Equity Award Agreement for a PSU, the cash value of Shares referred to in the preceding sentence shall be the Fair Market Value of Shares on a date determined by the Board in good faith, such date to be no earlier than the date when all pre-conditions to payment of or in respect of the PSU have been satisfied. It is a condition of this Plan that a Service Provider who is granted a PSU will have only the rights of a general unsecured creditor of the Company until payment of Shares, cash or other securities or property is made upon the PSU as specified in the applicable Other Equity Award Agreement.

Restricted Share Units

4.5 The Board may grant Other Equity Awards of Restricted Share Units to Service Providers, in all cases in such amounts and subject to such vesting and other terms and conditions as the Board shall determine in its discretion, subject to this Plan and applicable laws. The conditions applicable to RSUs shall relate to the length of time during which a Participant must be employed by, or otherwise provide services to, the Company in order for vesting to occur. A RSU will not entitle its holder to voting or other rights appurtenant to Shares. Except as may otherwise be set forth in the corresponding Other Equity Award Agreement, if and when dividends are declared and paid upon the Shares at any time prior to vesting of a RSU, no adjustment shall be made to the RSU or its value. The Board shall also determine in its sole discretion whether payment under RSUs will be made in Shares, cash, securities or other property, or a combination thereof, and for greater clarity the Board shall be authorized to make such a determination at any time before or after vesting, until payment is actually made. When the conditions for vesting and payment, if any, applicable to a RSU have been satisfied, the holder of the RSU shall be entitled to receive the corresponding number of Shares, the cash value of the corresponding number of Shares at that time, other securities of the Company or other property, as the case may be. Unless otherwise specified in the applicable Other Equity Award Agreement for a RSU, the cash value of Shares referred to in the preceding sentence shall be the Fair Market Value of Shares on a date determined by the Board in good faith, such date to be no earlier than the date when all pre-conditions to payment of or in respect of a RSU have been satisfied. It is a condition of this Plan that a Service Provider who is granted a RSU will have only the rights of a general unsecured creditor of the Company until payment of Shares, cash or other securities or property is made upon the RSU as specified in the applicable Other Equity Award Agreement.

Other Equity-Based Awards

4.6 The Board may grant other types of equity-based or equity-related Other Equity Awards to Service Providers (including the grant of restricted or performance shares that are subject to vesting conditions (*i.e.* shares the ownership of which vests in the holder based on conditions such as those applicable to RSUs and PSUs, as the case may be) and SARs) in such amounts and subject to such terms and conditions as the Board shall in its discretion determine. Without limiting the foregoing, the Board may also issue any Other Equity Award that is a combination of any of the types of Other Equity Awards specified in sections 4.4 and 4.5 of this Plan. Such Other Equity Awards may entail the transfer of actual Shares to Participants, or payment in cash or otherwise of amounts based on the value of Shares, and may include, without limitation, Other Equity Awards designed to comply with or take advantage of applicable local laws of foreign jurisdictions.

Reservation of Shares from Plan Shares

4.7 If payment upon any Other Equity Award granted under this Article 4 may be made in Shares, then at the time of grant the Board shall (a) determine or estimate the number of Shares that may be issued in payment of such Other Equity Award upon its payment by the Company and then (b) reserve and allot from the Plan Shares the corresponding number of Shares, and (c) from time to time while the Other Equity Award remains outstanding and unvested the Board shall be authorized to adjust the number of Shares so reserved and allotted to reflect changes in the number of Shares issuable thereunder, in all cases subject to applicable laws and TSX Policies.

Transfer and Assignment

4.8 No Other Equity Award granted under this Plan may be sold, exchanged, transferred, assigned, pledged, hypothecated or otherwise disposed of (including through the use of any cash-settled instrument) other than by will or by the laws of descent and distribution in accordance with section 4.13(b), and all such Other Equity Awards and

rights shall be exercisable during the life of the grantee only by the grantee or the grantee's legal representative. Notwithstanding the immediately preceding sentence, the Board may permit, under such terms and conditions that it deems appropriate in its sole discretion, a grantee to transfer any Other Equity Award to any Service Provider that the Board so determines.

Other Equity Awards Granted Under this Plan

4.9 All Other Equity Awards granted under this Plan will be evidenced by an Other Equity Award Agreement in the form approved from time to time by the Board, setting forth the terms and conditions applicable to the corresponding Other Equity Award.

4.10 Subject to specific variations approved in accordance with this Plan, all terms and conditions set out herein will be deemed to be incorporated into and form part of an Other Equity Award Agreement made hereunder.

Vesting of Other Equity Awards

4.11 Vesting of Other Equity Awards shall be in accordance with the vesting and exercise provisions provided in the Participant's Employment Agreement, if any, or Other Equity Award Agreement, failing which the vesting of Other Equity Awards shall be as determined in the discretion of the Board.

4.12 Notwithstanding section 4.11, in the event of a Change of Control or Take Over Bid, Other Equity Awards shall vest in full or in part at any time before the applicable vesting period(s):

- (a) for each Participant, if and to the extent provided in his, her or its Employment Agreement or Other Equity Award Agreement; and
- (b) subject to (a), at the discretion of the Board.

Holder of Other Equity Award Ceasing to be Director, Employee or Service Provider

4.13 Except as described in sub-paragraphs (a) and (b) below and subject to applicable laws and the TSX Policies, for any Other Equity Award held by a Participant, and any right to payment in respect thereof, that has not vested such Other Equity Award and right will be forfeited on the date the Participant ceases to be a Service Provider. The circumstances under which a Participant shall not forfeit his, her or its Other Equity Awards upon termination of service to the Company are as follows:

- (a) notwithstanding any other provision of this section 4.13, if and to the extent provided in the Participant's Employment Agreement or Other Equity Award Agreement, or as determined in accordance with policies of the Board adopted with respect to the administration of this Plan and Other Equity Awards granted hereunder; and
- (b) in the case of the death or disability of the Participant, or the Participant's retirement from employment with or service to the Company, and in the case of the Company terminating the Participant's employment or other service to the Company without cause, (i) the Company will be required to make payment (in cash, securities or other form of property, or any combination thereof, as determined in accordance with this Plan) in respect of any vested Other Equity Award held by the Participant at the date of death, disability, retirement or termination, as the case may be, to the Participant or, in the case of the Participant's death to that Participant's lawful personal representatives, heirs or executors, within six months of the date of death and (ii) with respect to any Other Equity Awards for which vesting depends on the Participant providing services to the Company for a specified period (the "**Vesting Period**"), then a *pro rata* portion of the Other Equity Awards will vest immediately prior to the termination of the Participant's service to the Company based on the percentage of the Vesting Period during which the Participant actually served the Company, and the Company will be required to make payment in respect of the Other Equity Awards so vested to the Participant or, in the case of the Participant's death, to that Participant's lawful personal representatives, heirs or executors, within six months of the date of death.

Notwithstanding the foregoing, the Board may provide for the vesting of all or any part of the Participant's Other Equity Awards that are unvested at the date the Participant ceases to be employed by, provide services to, or be a Director or Officer of, the Company or an Affiliate of the Company, all as the Board deems appropriate in the circumstances.

Unvested Other Equity Awards

4.14 In the event an Other Equity Award granted under this Plan expires prior to vesting and payment, is forfeited or otherwise:

- (a) is terminated by reason of dismissal of the applicable Participant for cause; or
- (b) is otherwise lawfully cancelled prior to vesting or payment;

the number of Shares that were issuable or reserved for issuance thereunder will be returned to this Plan and will be eligible for re-issue. For greater certainty, Shares issued in payment or other settlement of Other Equity Awards thereupon increase the number available to the issuance under this Plan by the relevant percentage of Outstanding Shares as provided hereunder.

Other Equity Award Agreement

4.15 Promptly following the grant of an Other Equity Award hereunder, an authorized officer of the Company will deliver to the applicable Participant an Other Equity Award Agreement detailing the terms of the applicable Other Equity Award(s).

Adjustment of Payment on Other Equity Awards During Blackout Period

4.16 Should the vesting, payment or other settlement date for an Other Equity Award fall within a Blackout Period, or within nine (9) Business Days following the expiration of a Blackout Period, such date shall be automatically adjusted without any further act or formality to that day which is the tenth (10th) Business Day after the end of the Blackout Period, such tenth Business Day to be considered the vesting, payment or other settlement date for all purposes under the applicable Other Equity Awards. Notwithstanding any other provision of this Plan, the ten Business Day period referred to in this section 4.16 may not be extended by the Board.

ARTICLE 5

ADMINISTRATION OF PLAN; AMENDMENTS TO PLAN AND TO SECURITIES ISSUED UNDER PLAN

Regulatory Approval

5.3 This Plan shall be subject to the approval of any regulatory authority whose approval is required. Any Options or Other Equity Awards granted under this Plan prior to such approvals being given shall be conditional upon such approvals being given, and no such Options or Other Equity Awards may be exercised unless and until such approvals are given.

Compliance with Legislation

5.4 The Company will not be required to issue any Shares under this Plan unless such issuance is in compliance with all applicable laws, regulations, rules, orders of governmental or regulatory authorities and the requirements of any stock exchange upon which Shares of the Company are listed. The Company will not in any event be obligated to take any action to comply with any such laws, regulations, rules, orders or requirements.

Adjustment of the Number of Options and Other Equity Awards

5.5 If there is (i) a change in the outstanding Shares by reason of any share consolidation, split, reclassification or other capital reorganization, or a stock dividend, arrangement, amalgamation, merger or combination, or any other change to or event affecting the Shares, or (ii) any exchange of or corporate change or transaction affecting the Shares, the Board shall make, as it shall deem advisable and subject to requisite Regulatory Approval, appropriate substitution and/or adjustment in:

- (c) the vesting of any Options or Other Equity Awards, including the accelerated vesting thereof on conditions the Board deems advisable, and if the Company undertakes an arrangement or is amalgamated, merged or combined with another corporation, the Board shall make such provision for the protection of the rights of Participants as it shall deem advisable including in order to comply with the terms of the relevant Participant's Employment Agreement, if any, or any other terms and conditions of the Participant's Employment, the applicable Options or the applicable Other Equity Awards.

Amendments Generally

5.6 The Board may, without shareholder approval, at any time and from time to time, amend, suspend, terminate or discontinue this Plan or any Option or Other Equity Award granted hereunder, or revoke or alter any action taken pursuant to this Plan or any Option or Other Equity Award granted hereunder, except that no amendment, suspension, termination or discontinuance of this Plan will adversely alter or impair any Option or Other Equity Award granted hereunder without the written consent of the applicable Participant and is subject to those provisions of applicable laws (including, without limitation, the TSX Policies), if any, that require the approval of shareholders or any governmental or regulative body.

Amendments by Board

5.7 Without limiting the generality of section 5.6, the Board may make the following types of amendments to this Plan without seeking Shareholder Approval:

Amendment Subject to Approval

5.10 If the amendment of an Option or Other Equity Award requires Regulatory Approval or Shareholder Approval, such amendment may be made prior to such approvals being given, but no such amended Option or Other Equity Award may be exercised unless and until such approvals are given.

ARTICLE 6

Participation in this Plan by a Service Provider will be voluntary.
